Genesys' Digital Twin: Pioneering Geospatial Innovation for Nation's Future

At Genesys, we see the power of 3D Digital Twin technology as a key to India's national infrastructure development. By creating virtual replicas of cities, Digital Twin technology facilitates real-time optimization, decision-making, and enhances efficiency and quality. This innovative approach was recently highlighted at an event in Delhi, where Hon'ble Minister, Ministry of Road Transport & Highways - India, Mr. Nitin Gadkari, released a report on "Digital Twin

Strategy for Indian Infrastructure" and emphasized its importance. Genesys' work was highly appreciated, reflecting our role in railway corridor maintenance, accident prevention, and sustainability tracking. As a nascent technology, Digital Twin offers India the opportunity to lead, providing a transformative path to robust infrastructure development. Genesys is committed to leveraging this technology to contribute to India's ambitious infrastructural growth, aligning with initiatives like the PM Gatishakti National Master Plan.

Genesys' 3D Digital Twin Mapping Experience Across India

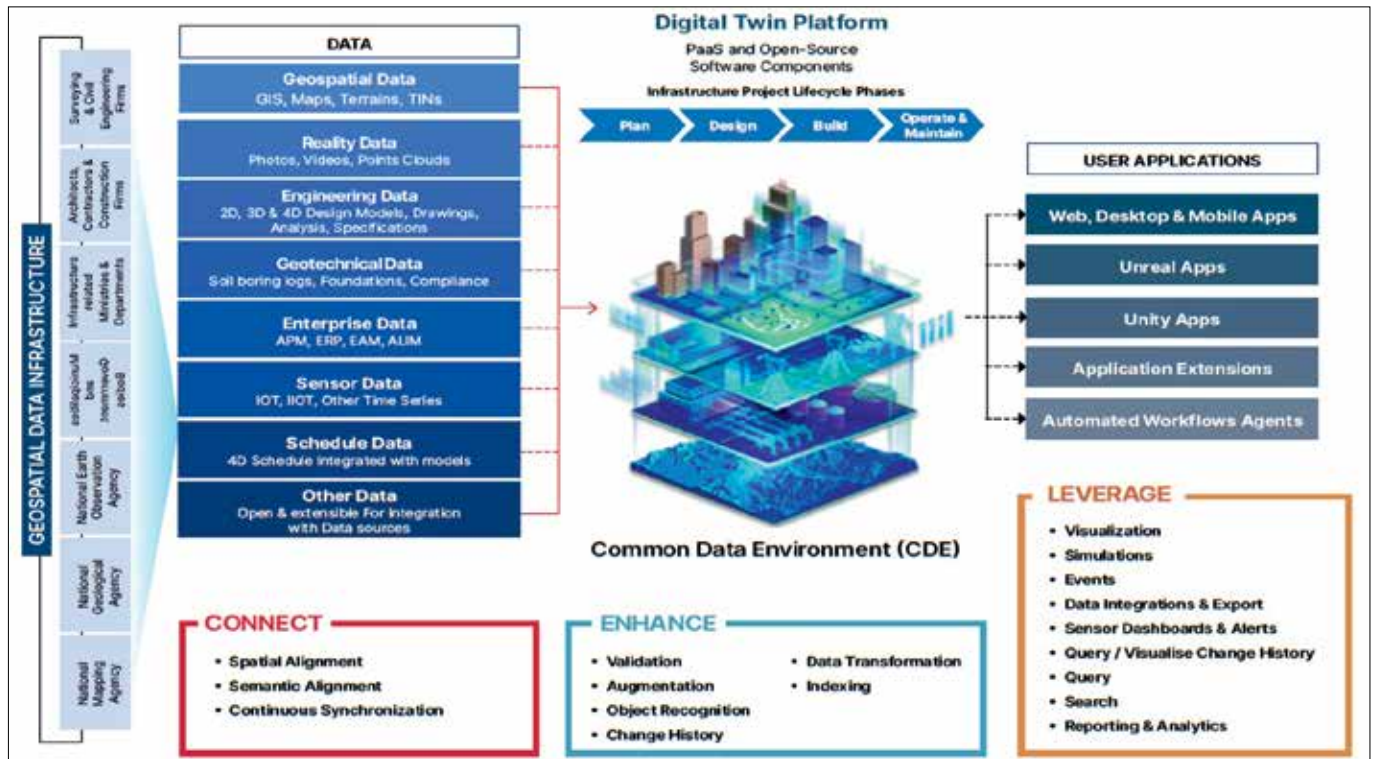

Genesys' 3D Digital Twin Platform Functionalities

Multiple Data Layers in a Single Platform

Digital Twin Tech Stack

Genesys International has embarked on significant partnerships with big tech companies such as Google and Apple.

Leveraging Genesys' advanced mapping solutions, we have undertaken the largest ever mapping exercise conducted in Modern India covering about 3000 towns and cities. Our geospatial datasets

which are a product of our mapping activities aims to create a more visual and accurate mapping experience.

This in turn will have a broader impact on various sectors, including urban planning, road safety, environmental monitoring, disaster management, e-commerce, etc. to name a few. This mapping feat stands as a testament to Genesys' dedication to quality, innovation, and our ability to align with global standards in delivering high-quality and immersive mapping experiences.

Dear Shareholders,

Significant part of this year was spent on building out our Geo-content program. You will be happy to note that our company has driven more than 3 million kms and has digitalised the single largest navigable road network of India which is close to 8.5 million kms.

This is a considerably valuable IP for the entire logistics and supply chain infrastructure and functions as an important source data as we build out the India map stack.

The launch of our digital twin strategy has gained acceptance as a national need and priority as it provides the ideal planning, operations and maintenance platform for a host of verticals in cities, utilities and services.

We believe that we are uniquely poised to capture a reasonable market share in this upcoming market. This year's financial performance has been encouraging and we hope to gain more traction in the years ahead.

Best Regards
Sajid Malik
Chairman & Managing Director

GENESYS INTERNATIONAL CORPORATION LIMITED

NOTES

1. The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 ('the Act') relating to the Ordinary/ Special Business(es) to be transacted at the 41st Annual General Meeting of the Company (the "Meeting" or "AGM") under Item Nos. 2, is annexed hereto.
2. In accordance with the provisions of the Act read with the guidelines issued by the Ministry of Corporate Affairs (MCA) vide General Circular No. 14/2020 dated April 8, 2020, General Circular No.17/2020 dated April 13, 2020, General Circular No. 20/2020 dated May 05, 2020, General Circular No. 02/2021 dated January 13, 2021, General Circular Nos. 2/2022, 3/2022 dated May 05, 2022 and 10/2022 dated December 28, 2022 (hereinafter referred to as "MCA Circulars"), has permitted the holding of the AGM through Video Conferencing ('VC') or through Other Audio-Visual Means ('OAVM'), without the physical presence of the Members at a common venue and accordingly the forthcoming 41st AGM of the Company is scheduled on Thursday, September 28, 2023 through video conferencing ("VC") or other audio visual means ("OAVM"). Hence, members can attend and participate in the ensuing 41st AGM through VC/OAVM.
3. In accordance with the aforesaid MCA Circulars and Circular Nos. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021, SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022 and SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023 issued by Securities Exchange Board of India (collectively referred to as "SEBI Circulars"), the Notice of the AGM along with the Annual Report for the financial year 2022-23 is being sent by electronic mode to those Members whose e-mail addresses are registered with the Company/Depositories
4. The AGM is being held through VC in accordance with the circulars issued by MCA & SEBI, the facility for appointment of Proxies by the Members will not be available. Corporate members intending to attend the AGM are required to send the scanned copy of authorisation through Board or governing body resolution appointing them as authorised representatives to attend the AGM through VC/ OAVM, participate thereat and cast their votes through e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by e-mail to sanam.u@dsmcs.in with a copy marked to evoting@nsdl.co.in.
5. The Members can join the AGM in VC/OAVM mode 30 minutes before and after the scheduled time of the commencement of AGM by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 Members on a first come first served basis. This will not include large shareholders (shareholders holding 2% or more shareholding), promoters, institutional investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination & Remuneration Committee and Stakeholders' Relationship Committee, Auditors etc.
6. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
7. The Notice of AGM has been uploaded on the website of the Company at www.igenesys.com and can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com, www.nseindia.com respectively and available on the website of CDSL i.e. www.evotingindia.com
8. Since the AGM will be held through VC/ OAVM facility, the route map, proxy form and attendance slip are not annexed in this Notice.
9. As per the provisions of section 72 of the Act, and relevant SEBI Circular, the facility of making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit the said details to their respective Depository Participant in case the shares are held by them in electronic form and to the Company / RTA, in case the shares are held in physical form.
10. Members who have not yet registered their email addresses are requested to register the same with their Depository participants in case the shares are held by them in electronic mode and with the Registrar & Share Transfer Agent (RTA) of the Company in case the shares are held by them in physical form. However, for limited purpose like receiving the notice of the forthcoming Annual General Meeting and related documents, Members holding shares in electronic mode may register their email addresses with our RTA as per the process given in the e-voting instructions of the notes to this notice.
11. The Register of Members and Share Transfer Books of the Company will remain closed from, Friday, September 22, 2023 to Thursday, September 28, 2023 (both days inclusive) for the purpose of this AGM.
12. In case of joint holders, attending the Meeting, the Member whose name appear first in the order of names will be entitled to vote at the AGM.
13. During the AGM, scanned copy of the Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the Members. Members seeking to inspect such documents and all documents referred in the accompanying Notice can send their request in writing to the Company at investors@igenesys.com.

14. Members are requested to send all communications relating to shares, unclaimed dividends, change of address, etc. to the Registrar & Share Transfer Agent of the Company, at their address: BIGSHARE SERVICES PVT. LTD. 1st Floor, Bharat Tin Works Building, Opp. Vasant Oasis, Makwana Road, Marol, Andheri (East), Mumbai – 400059 Tel. No.: 022 – 62638200, Fax.: 022 -62638299.
15. Members are requested to notify immediately any change in their addresses to the Registrar & Share Transfer Agent of the Company at the above address, if shares are held in physical form, and to the respective depository participants, if shares are held in electronic mode.
16. Non-Resident Indian Members are requested to inform the Company's RTA immediately of-
 - a) Change in their residential status on return to India for permanent settlement.
 - b) Particulars of their bank account maintained in India with complete name, branch account type, account number and address of the bank with pin code number, if not furnished earlier.
17. Pursuant to SEBI Circular no. SEBI/HO/MIRSD/ MIRSDPoD- 1/P/ CIR/2023/37 dated March 16, 2023, issued in supersession of earlier circulars issued by SEBI bearing nos. SEBI/HO/ MIRSD/MIRSD RTAMB P/CIR/2021/655 and SEBI/HO/MIRSD/ MIRSD RTAMB/ P/CIR/2021/687 dated November 3, 2021 and December 14, 2021, respectively, SEBI has mandated all listed companies to record PAN, Nomination, Contact details, Bank A/c details and Specimen signature for their corresponding folio numbers of holders of physical securities. The folios wherein any one of the cited documents/details is not available on or after October 1, 2023, shall be frozen by the RTA.

The members with securities in the frozen folios shall be eligible:

 - To lodge any grievance or avail of any service, only after furnishing the complete documents / details as mentioned above;
 - To receive any payment including dividend, interest or redemption amount (which would be only through electronic mode) only after they comply with the above stated requirements.
18. In terms of Regulation 40(1) of the Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialised form with effect from April 1, 2019. Members may please note that SEBI, vide its Circular No. SEBI/HO/MIRSD/MIRSD_ RTAMB/P/ CIR/2022/8 dated January 25, 2022, has mandated Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/ folios; Transmission and Transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4, the format of which is available on the Company's website under the weblink at <https://www.igenesys.com/s/Form-ISR-4.pdf> and on the website of the Company's RTA <https://www.bigshareonline.com/>. It may be noted that any service request can be processed only after the folio is KYC compliant. SEBI, vide its notification dated January 24, 2022, has mandated that all requests for transmission and transposition shall be processed only in dematerialised form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.
19. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their demat account dormant for long. Periodic statements of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.
20. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, accordingly, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Company.
21. In terms of section 124(5) of the Companies Act, 2013, dividend amount for the year ended March 31, 2016 remaining unclaimed for a period of seven years shall become due for transfer in November, 2023 to the Investor Education and Protection Fund (IEPF) established by the Central Government. Further, in terms of section 124(6) of the Act, in case of such shareholders whose dividends are unpaid for a continuous period of seven years, the corresponding shares shall be transferred to the IEPF demat account. Members who have not claimed dividends in respect of the financial years from 2015-16 onwards are requested to approach the Company/Bigshare Services Pvt Ltd (RTA Agent) for claiming the same as early as possible, to avoid transfer of the relevant shares to the IEPF demat account. The details of such unclaimed dividends are available on the Company's website at www.igenesys.com. The unclaimed dividends and corresponding shares including all benefits accruing on such shares, if any, once transferred to the IEPF Authority can only be claimed back from the IEPF Authority in web Form No. IEPF-5 and as per the instruction available at www.iepf.gov.in.
22. The Company has designated an exclusive e-mail ID called investors@igenesys.com to redress Shareholders' complaints / grievances. In case you have any queries / complaints, then please write to us at

investors@igenesys.com The Company has nominated Mr. Vineet Chopra, Vice President- Legal and Company Secretary, as its Nodal Officer for the purpose of co-ordination with the IEPF Authority and the contact details of the Nodal Officer is available on Company's website.

23. Shareholders who would like to express their views/ask questions during this AGM may register themselves as a speaker by sending their request in advance at-least 7 (seven) days prior to meeting and the shareholders who do not wish to speak during the AGM but have queries concerning Financials Statements/Annual Reports, other items, need to send queries in writing 7 (seven) days prior to meeting mentioning their name, demat account number/folio number, email id, mobile number at investors@igenesys.com.

VOTING BY MEMBERS THROUGH ELECTRONIC MEANS

In compliance with provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended by the Companies (Management and Administration) Amendment Rules, 2015 and sub-regulation (1) of Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is providing its members, the facility to exercise their right to vote on resolutions proposed to be considered at the 41st AGM either by i) remote e-voting prior to AGM or ii) remote e-voting during the AGM as per the instruction given herein.

The instructions for e-voting are as under:

- A. The shareholders of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date viz. Wednesday, September 20, 2023 may cast their vote electronically.
- B. A shareholder can opt for only one mode of voting i.e. remote e-voting or e-voting during AGM. In case a shareholder votes through remote e-voting as well as voting during AGM through VC/OAVM, the vote cast through remote e-voting shall be considered and the voting during AGM shall not be considered by the scrutinizer.
- C. The shareholders shall have one vote per equity share held by them. The facility of e-voting would be provided once for every folio/ client id, irrespective of the number of joint holders.
- D. The Company has appointed M/s DSM & Associates, Company Secretaries in Practice (M. No. A26141, C. P. No.9394) as the Scrutinizer for conducting the e-voting process in a fair and transparent manner.
- E. The Scrutinizer shall immediately after completion of the e-voting process during the AGM first count the votes cast at the AGM thereafter unblock the votes cast through remote e-voting in the presence of at least 2 (two) witnesses not in the employment of the Company

and shall not later than two working days from the conclusion of AGM submit a Consolidated Scrutinizers Report on the total votes cast in favour or against, if any, to the, Chairman or a person authorized by him in writing, who shall declare the result of the voting forthwith.

- F. The result of voting will also be placed at the website of the Company viz. www.igenesys.com and also on www.evotingindia.com.
- G. The scrutinizer's decision on the validity of all kinds of voting will be final. Subject to receipt of requisite number of votes, the Resolutions shall be deemed to be passed on the date of the AGM.
- H. In case of Individual Shareholders holding securities in demat mode who acquire shares of the Company and become Members of the Company after sending of the Notice and holding shares as of the cut-off date may follow steps mentioned in the Notice of the AGM under "Access e-Voting system. Other methods for obtaining/procuring user IDs and passwords for e-Voting are provided in the AGM Notice.
- I. A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on Wednesday, September 20, 2023 ('cut-off date') shall be entitled to vote in respect of the shares held, by availing the facility of remote e-voting prior to the AGM or remote e- voting during the AGM

1. THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The remote e-voting period begins on Friday, September 22, 2023 at 9:00 a.m. (IST) and ends on Wednesday, September 27, 2023 at 5:00 p.m. (IST). During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Wednesday, September 20, 2023 may cast their vote electronically. The remote e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
- (iii) In order to increase the efficiency of the voting process, the Company has facilitated e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

(iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020**, on e-voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update

their mobile number and email Id in their demat accounts in order to access e-voting facility.

	For Physical shareholders and other than individual shareholders holding shares in Demat.
PAN	Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) • Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number sent by Company/RTA or contact Company/RTA.
Dividend Bank Details OR Date of Birth (DOB)	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login. • If both the details are not recorded with the depository or company, please enter the member id / folio number in the Dividend Bank details field.

- (ii) After entering these details appropriately, click on "SUBMIT" tab.
- (iii) Shareholders holding shares in physical form will then directly reach the Company selection screen. However, shareholders holding shares in demat form will then reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (iv) For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (v) Click on the EVSN for Genesys International Corporation Limited to vote.
- (vi) On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- (vii) Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.
- (viii) After selecting the resolution, you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- (ix) Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote.
- (x) You can also take a print of the votes cast by clicking on "Click here to print" option on the Voting page.
- (xi) If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- (xii) **Additional Facility for Non – Individual Shareholders and Custodians –For Remote Voting only.**
 - Non-Individual shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to www.evotingindia.com and register themselves in the "Corporates" module.
 - A scanned copy of the Registration Form bearing the stamp and sign of the entity should be emailed to helpdesk.evoting@cdslindia.com.
 - After receiving the login details a Compliance User should be created using the admin login and password. The Compliance User would be able to link the account(s) for which they wish to vote on.
 - The list of accounts linked in the login should be mailed to helpdesk.evoting@cdslindia.com and on approval of the accounts they would be able to cast their vote.
 - A scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, should be uploaded in PDF format in the system for the scrutinizer to verify the same.
 - Alternatively Non Individual shareholders are required to send the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorized signatory who are authorized to vote, to the Scrutinizer and to the Company at the email address viz; sanam.u@dsmps.in & investors@igenesys.com respectively, if they have voted from individual tab & not uploaded same in the CDSL e-voting system for the scrutinizer to verify the same.

INSTRUCTIONS FOR SHAREHOLDERS ATTENDING THE AGM THROUGH VC/OAVM & E-VOTING DURING MEETING ARE AS UNDER:

1. The procedure for attending meeting & e-voting on the day of the AGM is same as the instructions mentioned above for e-voting.
2. The link for VC/OAVM to attend meeting will be available where the EVSN of Company will be displayed after successful login as per the instructions mentioned above for e-voting.
3. Shareholders who have voted through Remote e-voting will be eligible to attend the meeting. However, they will not be eligible to vote at the AGM.
4. Shareholders are encouraged to join the Meeting through Laptops / IPads for better experience.

5. Please note that Participants Connecting from Mobile Devices or Tablets or through Laptop connecting via Mobile Hotspot may experience Audio/Video loss due to Fluctuation in their respective network. It is therefore recommended to use Stable Wi-Fi or LAN Connection to mitigate any kind of aforesaid glitches.
6. Only those Members who have registered themselves as a speaker will be allowed to express their views/ask questions during the AGM for a maximum time of 3 (three) minutes each, once the floor is open for shareholder queries. The Company reserves the right to restrict the number of speakers and number of questions depending on the availability of time for the AGM.
7. Only those shareholders, who are present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system available during the AGM.
8. If any Votes are cast by the shareholders through the e-voting available during the AGM and if the same shareholders have not participated in the meeting through VC/OAVM facility, then the votes cast by such shareholders shall be considered invalid as the facility of e-voting during the meeting is available only to the shareholders attending the meeting.

PROCESS FOR THOSE SHAREHOLDERS WHOSE EMAIL/MOBILE NO. ARE NOT REGISTERED WITH THE COMPANY/DEPOSITORIES.

2. For Demat shareholders - Please update your email id & mobile no. with your respective Depository Participant (DP)
3. For Individual Demat shareholders – Please update your email id & mobile no. with your respective Depository Participant (DP) which is mandatory while e-voting & joining virtual meetings through Depository.

If you have any queries or issues regarding attending AGM & e-voting from the CDSL e-voting System, you can write an email to helpdesk.evoting@cdslindia.com or contact at 022- 23058738 and 022-23058542/43.

All grievances connected with the facility for voting by electronic means may be addressed to Mr. Rakesh Dalvi, Sr. Manager, (CDSL) Central Depository Services (India) Limited, A Wing, 25th Floor, Marathon Futurex, Mafatlal Mill Compounds, N M Joshi Marg, Lower Parel (East), Mumbai - 400013 or send an email to helpdesk.evoting@cdslindia.com or call on 022-23058542/43.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No.2: Retirement by rotation of Mr. Ganapathy Vishwanathan, Non-Executive Director and not to fill the vacancy so created.

Pursuant to the provisions of Section 152 of the Companies Act, 2013 read with the Articles of Association, Mr. Ganapathy Vishwanathan (DIN: 00400518), Non-Executive Director of the Company, retires by rotation at this AGM. Mr. Ganapathy Vishwanathan doesn't seek re-appointment, which resulted in a vacancy on the Board and the Board has resolved, subject to approval of Members, that the vacancy so created shall not be filled.

Mr. Ganapathy Vishwanathan has been on the Board of the Company since March 27, 2001. He intimated that due to his other Board positions and personal commitments, it would be difficult for him to manage the responsibility as a Board Member of the Company. Therefore, he doesn't seek re-appointment and shall be retiring at the ensuing AGM. The Board places on record its appreciation for the valuable contribution and services rendered by Mr. Ganapathy Vishwanathan during his tenure on the Board of the Company.

The Board recommends the Resolution as set out at Item No. 2 for approval of the Members as an Ordinary Resolution.

Except Mr. Ganapathy Vishwanathan, none of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution set out in the Notice.

3. DIVIDEND

3.1 Dividend Recommendation

Your Directors have not recommended any dividend for the financial year under review.

3.2 Dividend Distribution Policy

The Board of Directors of the Company had formulated a Dividend Distribution Policy pursuant to Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations). The Dividend Policy is available on the Company's website at <https://www.igenesys.com/s/Dividend-Distribution-Policy.pdf>

4. TRANSFER TO RESERVES

During the year under review, no amount is proposed to be transferred to the General Reserve of the Company. An amount of ₹ 672.15 Lakhs transferred to Special Economic Zone (SEZ) Re-investment Reserve Account pursuant to section 10AA of the Income Tax Act, 1961.

5. DEPOSIT

Your Company has not accepted or invited any deposits from the public or its employees during the year under review.

6. COMPANY OPERATIONS AND FUTURE OUTLOOK

Genesys, a prominent player in the Indian geospatial industry, is renowned for its specialisation in creating engineering-grade high precision geospatial datasets. The company distinguishes itself through its proprietary map content program with open standards, dedicated to producing cutting-edge 2D and 3D maps and models respectively. Notably, these datasets are delivered to clients through a licensing model, ensuring widespread access to accurate and up-to-date spatial information.

With a strategic orientation towards government projects and sectors like urban planning, disaster management, forestry, land management and utilities viz. telecommunications and power, Genesys aligns its offerings to address critical needs.

Also, Genesys has cultivated vital partnerships with Global Big Tech corporations, for delivering world class datasets, as per their defined project scope and specifications complying to the quality standards.

A distinctive asset is its ownership of an expansive 8.3 million kms of Indian road network data. This formidable resource empowers the company to venture into novel domains, such as commerce, automotive and last-mile logistics. By evolving its portfolio to accommodate diverse industry requirements, Genesys exemplifies adaptability and forward thinking. Given its profound industry expertise, collaborative ethos, and innovative solutions, Genesys is primed for sustained growth and influential contributions within the ever-evolving geospatial landscape of India.

Certificate from the Secretarial Auditors confirming implementation of the above Schemes in accordance with SBEB Regulations and Members approval will be available for electronic inspection by the Members.

17. AUDITORS

i. Statutory Auditor and their Report:

M/s MSKA & Associates, Chartered Accountants (ICAI Firm Registration No. 105047W) was appointed as the Statutory Auditor of the Company at the 40th AGM held on September 30, 2022 for a period of 4 consecutive years from the conclusion of the 40th AGM held on September 30, 2022, until the conclusion of the 44th AGM to be held in the year 2026.

The Statutory Auditor’s report does not contain any qualifications, reservations, adverse remarks or disclaimers. The Statutory Auditors of the Company have not reported any fraud to the Audit Committee of Directors as specified under section 143(12) of the Act, during the year under review.

ii. Secretarial Auditor:

M/s Roy Jacob & Co, Company Secretary in Whole Time Practice was appointed to conduct Secretarial Audit as required under Section 204 of the Act. Pursuant to SEBI Circular CIR/CFD/ CMD1/27/2019 dated February 08, 2019, M/s Roy Jacob & Co, has also conducted the Annual Secretarial Compliance. The Report of the Secretarial Audit in Form MR-3 for the financial year ended March 31, 2023, is enclosed as “Annexure -B” to this Report. Reports doesn’t contain any qualifications, reservations or adverse remarks.

18. COST AUDIT

Provisions of Section 148 of the Act regarding maintenance of cost records and audit thereof are not applicable to your Company.

19. INTERNAL CONTROL SYSTEM & THEIR ADEQUACY

The Company believes that internal control is a necessary prerequisite of governance and that freedom should be exercised within a framework of checks and balances. Your Company’s internal control systems and processes commensurate with the nature of its business, the size and complexity of its operations with reference to Financial Statements are adequate.

Periodical reviews are carried out by the Internal Auditors and are subject to assessment and trial to provide reasonable assurance as to reliable information & compliance.

20. NOMINATION AND REMUNERATION POLICY

Pursuant to Section 178 of the Act and Listing Regulations Nomination and Remuneration Policy is formulated setting out the criteria for determining qualifications, positive attributes, independence of a Director and policy relating to remuneration for Directors, Key Managerial Personnel and other employees which is available at <https://www.igenesys.com/s/Nomination-and-Remuneration-policy.pdf>

21. HUMAN RESOURCES

A key focus for your Company is to maintain a performance driven workforce while ensuring the well-being of employees. Your Company continues to endeavour to create a collaborative work environment to enable employees to perform at their full potential.

As of March 31, 2023, Genesys had a total headcount of 1,054. Genesys continues to focus on attracting new talent and helping them to acquire new skills, explore new roles and realize their potential by providing training and retaining high-quality talent.

22. PERFORMANCE EVALUATION OF THE BOARD

Pursuant to the provisions of the Act and the Listing Regulations, the Board evaluates its performance after seeking inputs from all the Directors based on criteria such as the board composition and structure, effectiveness of board processes, information and functioning, etc.

The performance of the Committees was evaluated by the Board after seeking inputs from the committee members based on criteria such as the composition of committees, effectiveness of committee meetings, etc.

In a separate meeting of Independent Directors, performance of Non-Independent Directors, the Board as a whole and the Chairman of the Company was evaluated, taking into account the views of the Executive Directors and Non-Executive Directors.

The Nomination and Remuneration Committee reviewed the performance of individual directors on the basis of criteria such as the contribution of the individual Director to the Board and meaningful and constructive contribution and inputs in meetings, etc. and the Board as a whole.

23. RELATED PARTY TRANSACTIONS

All contracts / arrangements / transactions entered into by the Company during the financial year with related parties are in compliance with the applicable provisions of the Act and Listing Regulations. The requisite approvals of the Audit Committee, the Board and the shareholders, as required, were obtained by the Company for related party transactions (RPT). There were no materially significant RPT made by the Company with Promoters, Directors or Key Managerial Personnel, subsidiaries, joint ventures and associate Companies which may have a potential conflict with the interest of the Company. Transactions that are required to be reported in Form AOC-2, are attached

as “Annexure - C” and forms part of this report. The details of the transactions with Related Parties are also provided in the Company's financial statements in accordance with Indian Accounting Standards.

The RPT Policy as approved by the Board is available on the Company's website at <https://www.igenesys.com/s/Related-Party-Transactions-Policy.pdf>

24. RISK MANAGEMENT

The Risk Management Committee is constituted to frame, implement and monitor the risk management plan of the Company.

The Committee is responsible for the overall process of risk management throughout the organization. The major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. Internal financial control system and timely review of external, operational and other risks enables the Committee of your company towards identification and mitigation of the risks. The requisite information is provided under Management and Discussion and Analysis Report.

25. WHISTLE BLOWER POLICY AND VIGIL MECHANISM

Pursuant to Section 177(9) of the Act, a vigil mechanism was established for directors and employees to report to the management instances of unethical behaviour, actual or suspected, fraud or violation of the Company's code of conduct or ethics policy. The Vigil Mechanism provides a mechanism for employees of the Company to approach the Chairman of the Audit Committee for redressal. No person has been denied access to the Chairman of the Audit Committee of Directors. This Policy is available at https://www.igenesys.com/s/Whistle-Blower-Vigil-Mechanism-v1_25052023.pdf

26. DISCLOSURE ON PREVENTION OF SEXUAL HARASSMENT

'ANNEXURE-B' TO DIRECTORS' REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

For the Financial Year Ended March 31, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Genesys International Corporation Limited,

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices as defined in the current scenario / industry by Genesys International Corporation Limited having the CIN No. L65990MH1983PLC029197 (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliance and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions listed hereunder, and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowing as applicable to the company;
- (v) 1. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') and which are applicable to the company.
 - (a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015.

- (b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.
- (c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.
Company had complied with the requirements of Structured Digital Database (SDD) pursuant to provisions of Regulation 3(5) and 3(6) of the Regulations
- (d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018.
- (e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client.

2. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') are not applicable to the company:
 - (a) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021.
 - (b) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.
 - (c) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021.
- (vi) For the other applicable laws our audit is limited to
 - a) The Information Technology Act, 2000;
 - b) The Special Economic Zone Act, 2005;
 - c) The Patents Act, 1970
 - d) Copy Rights Act, 1957
 - e) Trade Marks Act, 1999, and the rules made there under

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards (SS-1 and SS-2) issued by The Institute of Company Secretaries of India.

Based on our such examination and further based on the Representation of the Management of the Company, the Company has during the period under review complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors took place during the period under review were carried out in compliance with the provisions of the Act, and Regulations made there under.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

I further report that as per the information & explanation given to us the company is generally regular in depositing with the appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Wealth Tax, Goods and Service Tax and other statutory dues applicable to it.

I further report that I rely on statutory auditors reports in relation to the financial statements and accuracy of financial figures for Income Tax, Wealth Tax, Goods and Services Tax, Provident Fund etc. as disclosed under the financial statements of the Company.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that:

1. Maintenance of Secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these Secretarial Records based on our Audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on the test basis to ensure that correct facts are reflected in the Secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for of opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the company.
4. Wherever required, I have obtained the Management Representation about the compliance of Laws, Rules and Regulations and happening of events, etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of the management. My examination was limited to the verification of documents/procedures on the test basis.
6. The secretarial audit report is neither an assurance as to the future viability of the company nor the efficacy or effectiveness with which the management has conducted the affairs of the company.

'ANNEXURE - F' TO DIRECTORS' REPORT

Particulars of Conservation of energy, Technology Absorption and Foreign Exchange Earnings and Outgo

A: Conservation of energy

The company firmly adheres to the notion that energy conserved is equivalent to energy used. The company's operations don't use a lot of energy, therefore energy conservation is restricted to maximizing the use of its resources and assets (infrastructure and equipment). We consistently work to use energy-efficient products and to look into alternative energy sources that are most appropriate for our company.

B: Technology Absorption

The company has a number of partnerships at the national and international levels that define and solve the rising demand for technology in the fields of aerial survey, mobile survey, indoor survey, pavement survey, rail track evaluation, machine learning, artificial intelligence, etc. The internal teams that represent the technology and research groups also make ongoing attempts to partner with new and emerging technology providers in order to help develop a better, more sustainable solution at a reduced cost while attaining higher accuracy and enhanced quality.

C: Imported Technology

The details of technology imported as a product / service is as follows:

Recouping from the pandemic phase, Genesys made significant investments in acquiring new technologies needed for the projects in the pipeline. Some of the major products acquired during the period are given below:

- Aerial LiDAR system comprising of Riegl VQ 780 II LiDAR Scanner, Phase One iXM RS150F RGB & Monochrome Sensors, and Applanix AP 60 GNSS/IMU Solution. The product was acquired for various projects related to mapping forestry, road corridor, rail corridor, etc.

- Several units of Trimble R12 Smart GNSS Antenna with TSC5 Controllers were purchased to increase the capacity of conventional surveying technologies which are used as a means for enhancing the overall project accuracies of data collected using advanced technologies such as LiDAR, Images, etc.
- Multiple Trimble C5 HP 1 Total Stations and Trimble Dini 0.3 Digital Level were purchased to increase the capacity of conventional surveying technologies which are used as a means for enhancing the overall project accuracies of data collected using advanced technologies such as LiDAR, Images, etc.

D: Expenditure incurred on Research and Development

The systematic process of research and development combines basic and applied research in an effort to find solutions to issues or to generate new or improved goods and services. The Technology branch of Genesys has an ongoing program for research and development. By simplifying and automating the functions of the locally created software, optimization of the tools to boost productivity is made possible through R&D activities. Proof of concept projects were done in the domains of smart city solutions to test and show the application of LiDAR in Smart City development. In order to deliver projects in Smart cities for safety and security planning, R&D efforts have been put to use.

E: Foreign Exchange Earnings and Outgo

24. Overview of the entity’s material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Climate Change	Risk	Climate change and its associated impacts pose a risk to the environment, society and business.	Climate change is a global issue impacting one and all. Genesys believe in environmental protection follow the environmental friendly practices and create awareness.	Risk: The financial implications of not adapting or mitigating the risk can include increased costs due to regulatory non-compliance, fines, penalties, reputational damage and potential loss of business opportunities.
2	Employee Health and Safety	Risk/ Opportunity	Ensuring a safe and healthy work environment is essential for employee well-being and productivity. Failure to prioritize employee health and safety can result in accidents, injuries, increased absenteeism, decreased productivity, and potential legal liabilities.	Implementing health and safety policies, providing necessary training and fostering a culture of safety.	Risk: The financial implications of not mitigating employee health and safety risks can include medical expenses, legal costs, compensation claims, increased insurance premiums, reduced productivity, and potential damage to the company's reputation. Opportunity: By investing in employee health and safety can lead to improved productivity, reduced costs associated with accidents and injuries, and enhanced employee morale and retention, resulting in positive financial implications. This is already in practice at GICL.

3	Cybersecurity of On-Premises IT Infrastructure	Risk/ Opportunity	<p>In today's digital landscape, cyber threats are pervasive, and businesses face an increasing risk of cyberattacks, data breaches, and unauthorized access to sensitive information. As Genesys relies on its on-premises IT infrastructure for critical operations and data storage, ensuring robust cybersecurity measures is essential.</p>	<p>Genesys adapt by implementing a comprehensive cybersecurity framework, including firewalls, intrusion detection systems, regular vulnerability assessments, data encryption, access controls, and employee training on cybersecurity best practices.</p> <p>Regular monitoring and updating of security systems are crucial to stay ahead of evolving cyber threats.</p>	<p>Risk: Failure to adequately address cybersecurity risks can result in financial losses due to data breaches, legal liabilities, reputational damage, loss of customer trust, regulatory fines, and potential disruption of business operations.</p> <p>Opportunity: Implementing robust cybersecurity measures can help protect sensitive data, maintain business continuity, preserve customer confidence, and minimize financial losses associated with cyber incidents.</p> <p>This is already in practice in GICL through a systematic audit of the IT infrastructure.</p>
4	Manpower Attrition and Loss of Talent	Risk/ Opportunity	<p>Manpower attrition refers to the departure or loss of employees, resulting in a loss of valuable talent, expertise, and institutional knowledge. It can impact team dynamics, productivity, and competitive advantage.</p>	<p>Implementing effective employee retention strategies, including competitive compensation and benefits, opportunities for growth and development, a positive work culture, and initiatives to promote employee engagement and well-being. Conducting exit interviews and analyzing employee feedback provide insights to address underlying issues leading to attrition.</p>	<p>Risk: The financial implications of manpower attrition include costs associated with recruitment, hiring, and training of new employees. Additionally, the loss of talent and institutional knowledge can lead to decreased productivity, potential disruption of business operations, and a decline in competitive advantage.</p> <p>Opportunity: By implementing effective retention strategies can help reduce recruitment and training costs, maintain productivity, preserve institutional knowledge and enhance the organization's overall financial performance.</p> <p>This is already in practice in GICL through a systematic recruitment drive in all business units of GICL.</p>

SECTION B: MANAGEMENT AND PROCESS DISCLOSURES

ESSENTIAL INDICATORS

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the company, respectively.

	FY 2022-23	FY 2021-22	Details of improvements on environmental and social impacts
R&D	Nil	Nil	Not Applicable
Capex (In lakhs)	Nil	Nil	Not Applicable

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes

Most of our operational sourcing is timely, regular and sustainable. Due process have been followed by the Company to have an effective and sustainable sourcing.

2. b. If yes, what percentage of inputs were sourced sustainably?

100%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging), (b) E-waste, (c) Hazardous waste, and (d) other waste.

Not applicable. We don't manufacture any products. We are an IT services company.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Not applicable

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

Yes, Genesys International, recognizes the importance of environmental sustainability and compliance with statutory requirements in its operations and is committed to operating in accordance with Indian laws and regulations, including those related to environmental sustainability. We understand that Life Cycle Assessment (LCA) is a crucial practice for evaluating the environmental impacts of our geospatial services. We are dedicated to conducting our operations in a sustainable manner. We are conscious and actively consider the life cycle perspective in our services. Our business falls under the sector of IT enabled services. We continually assess the feasibility of conducting Life Cycle Assessments for our various geospatial services, including field surveys in Ground Control Point collection, terrestrial mobile mapping, aerial and terrestrial surveys, geospatial data processing and software application development. We recognize that LCAs help us identify opportunities to minimize resource consumption, reduce emissions and enhance our overall environmental performance.

We work closely with relevant authorities, experts, and stakeholders to align our practices with Indian laws and regulations related to environmental assessments.

We continuously strive to incorporate sustainability considerations into our operations and we are open to sharing information about our efforts as required by statutory requirements.

NIC Code	Name of Product/Service	% of total turnover contributed	Boundary for which the Life Cycle Perspective / Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Whether conducted by independent external agency (Yes/No)
NIL

MANAGEMENT DISCUSSION AND ANALYSIS DISCUSSION ON FINANCIAL PERFORMANCE

Industry Overview and Developments

The geospatial industry plays a vital role in today's connected world, providing technologies and solutions that leverage location-based data to address various challenges and opportunities. Geospatial technologies have evolved significantly over the years and their applications have become mainstream across multiple sectors. This industry is witnessing significant developments and innovations across various technology trends. Real-time data, miniaturization of sensors, Geospatial Artificial Intelligence (GeoAI), 3D modelling, automation, LiDAR, Augmented Reality (AR) applications, Big data analytics and cloud computing are driving the future of geospatial technologies. These advancements are expected to continue shaping the industry and unlocking new possibilities for solving complex problems and improving decision-making processes in diverse sectors.

The Geographic Information System (GIS) industry has witnessed remarkable growth globally and the Indian market is no exception. The adoption of GIS technology has been widespread across various sectors, ranging from government and enterprises specially in the areas of urban planning, telecom, disaster management, large scale mapping initiative for land titling, agriculture and logistics. This widespread adoption has been a key driver behind the expansion of the geospatial market in India. In recent times, the COVID-19 pandemic has further accelerated the digital transformation in numerous industries. As businesses and organizations adapted to remote work and changing consumer behaviour, there has been an increased reliance on GIS for spatial analysis, data visualization and decision-making processes. This shift towards digitalization and data-driven approaches has significantly boosted the demand for geospatial technology and solutions.

One of the significant factors contributing to the growth of the GIS industry in India is the integration of GIS with emerging technologies. Artificial intelligence, machine learning and the Internet of Things (IoT) have played pivotal roles in enhancing the capabilities of GIS solutions. By leveraging these technologies, GIS companies are providing advanced solutions that enable real-time data analysis, location-based services and predictive analytics. This integration has opened new possibilities and expanded the potential applications of GIS in various industries, driving the demand for innovative and tailored solutions.

Another noteworthy trend in the Indian geospatial market is the migration from 2D to 3D GIS. The emergence of Digital Twin, which are virtual representations of physical objects or systems in the real-world, has gained popularity for real-time monitoring and simulation. Digital Twin allow organizations to analyse and optimize complex systems, such as urban infrastructure, factories, and supply chains, leading to improved efficiency and resource management. Cloud-based geospatial solutions have also played a transformative role in the industry. Cloud computing has revolutionized data storage, processing, and collaboration, offering greater accessibility, scalability, and cost-effectiveness. Organisations can now access GIS capabilities without the need for extensive on-premises infrastructure, making geospatial technology more attainable for smaller enterprises and startups. Moreover, there is a growing emphasis on open geospatial data and interoperability standards. Governments and organizations are promoting the sharing of geospatial data to foster collaboration, facilitate data exchange and develop innovative solutions. This trend encourages the development of a geospatial data ecosystem that benefits multiple stakeholders, driving innovation and efficiency across various sectors.

Geospatial analytics and big data analysis techniques have also become instrumental in the industry's growth. The ability to process and analyse vast amounts of spatial data in real-time allows organizations to gain quick valuable insights and make data-driven decisions. Geospatial analytics has found applications in urban planning, environmental monitoring, disaster response and market analysis, among others. Furthermore, the industry's focus on environmental sustainability and climate resilience has become prominent. Geospatial technology plays a crucial role in natural resource management, climate change modelling and ecological monitoring. By providing valuable data on environmental changes, GIS contributes to developing sustainable strategies and mitigating the impact of climate-related events.

The geospatial industry in India has received substantial support from government initiatives such as Digital India and the Smart Cities Mission. These programs aim to leverage technology to drive development and improve governance. As a result, GIS technology has been widely implemented in areas such as urban planning, infrastructure development, agriculture, and disaster management. The government's commitment to these initiatives has created a conducive environment for the growth of the GIS industry in India.

The future of the geospatial industry in India looks promising, as organisations across sectors continue to recognize the value of spatial information and invest in GIS technology for their operations. The transformative impact of technology, the integration of emerging technologies and the support of government initiatives will continue to shape the industry's trajectory, creating new opportunities for growth, application, and positive impact on society and the environment. As the geospatial industry continues to evolve and address global challenges, it will play a vital role in driving efficiency, innovation, and sustainability in India and beyond.

Global Geospatial Trends

Global geospatial trends are shaping the future of the industry and influencing various sectors across the world. The demand for real-time geospatial data is increasing rapidly, driven by the need for instant access to information. Mobile geospatial apps and IoT devices generate and analyse data from multiple sources, providing valuable insights for decision-making. Efforts are being made to map the real world with greater accuracy.

GeoAI is gaining momentum as high-performance computing enables real-world problem-solving. AI algorithms are used for feature recognition, image enhancement, and scalable modelling, enhancing user experiences and data analysis. With urbanization on the rise, smart city solutions are gaining prominence. Geospatial technologies, especially sensors, play a crucial role in building efficient and sustainable smart cities, optimizing resources and improving the quality of life for residents.

Digital Twin, models that simulate and predict the performance of assets and processes, are becoming essential for urban planning and infrastructure management. Geospatial technologies, including GIS and remote sensing, support the development of accurate Digital Twin. Machine learning is revolutionizing spatial analysis, identifying patterns and changes quickly and effectively.

As climate change becomes a pressing concern, geospatial technologies are instrumental in mapping out sustainability plans by visualizing and analyzing important data. Governments and businesses are leveraging GIS to reduce their carbon footprint and make informed decisions. Advanced GIS technologies are helping predict and prepare for natural disasters. Geospatial data is crucial for developing action plans and saving lives during emergency situations.

Cloud computing is becoming increasingly popular, providing seamless data access, distribution, capture, and management. Cloud-based GIS solutions offer scalability and flexibility, allowing businesses to leverage GIS tools on a subscription basis and collaborate easily. Augmented Reality (AR) is an exciting trend in geospatial technology, allowing users to interact with their environment using virtual content. GPS information and geographic datasets support AR applications, offering innovative ways to navigate and interact with surroundings.

LiDAR technology is revolutionizing mapping applications with its high accuracy and support for autonomous vehicles. LiDAR is increasingly used in various industries, such as forestry, urban planning, terrain mapping for landslides, mining and for preparing Detailed Project Reports (DPR) in roads and railway projects. These global geospatial trends highlight the growing importance of location-based data and technologies in driving innovation and solving real-world challenges. As the world becomes more data-driven and interconnected, geospatial technologies will continue to play a critical role in shaping the future of industries, societies, and economies worldwide.

Government Initiative and GIS Industry in India

In India, the government has recognized the strategic importance of geospatial technologies and has initiated various programs and policies to harness the potential of GIS in different sectors. The government's commitment to promoting the geospatial industry has facilitated significant growth and development in this field.

The Second United Nations World Geospatial Information Congress (UNWVIC 2022) was held in October 2022 in Hyderabad. It was hosted by the Department of Science & Technology under the Ministry of Science and Technology, Govt of India and convened by the United Nations Committee of Experts on Global Geospatial Information Management wherein delegates from several member countries participated. The conference focused on the theme "Geo-Enabling the Global Village: No one should be left behind." This theme highlighted the critical role of integrated geospatial information infrastructure and knowledge services in supporting the implementation and monitoring of sustainable development goals, addressing societal well-being, environmental and climate challenges, digital transformation, technological development, and promoting a vibrant global economy.

Government of India has published a National Geospatial Policy (NGP) in December 2022. India's geospatial policy sets ambitious goals to establish the country as a global leader in the geospatial space. By 2030, the policy aims to achieve high-resolution topographical survey and mapping, with a Digital Elevation Model (DEM) of 5-10 cm for urban and rural areas and 50 cm-100 cm for forests and wastelands. Furthermore, by 2035, it plans to have high-resolution/accuracy Bathymetric Geospatial Data of inland waters and sea surface topography to support the Blue Economy. These targets are part of a comprehensive vision to create a robust geospatial ecosystem for innovation and leverage it to move towards a digital economy. The geospatial data and technology in India are expected to act as agents of transformation, especially in achieving the Sustainable Development Goals (SDGs). The policy aims to reduce dependency on foreign resources and promote domestic startups. With a well-defined institutional framework and milestones for development, India is laying a strong foundation to harness the power of geospatial information for sustainable growth and better decision-making.

One of the key government initiatives is the Digital India program, which aims to transform India into a digitally empowered society and knowledge economy has shown good results. Geospatial technologies play a crucial role in this program, as they provide the foundation for effective planning, decision-making, and service delivery across various government departments and agencies.

The Survey of India, the country's national mapping agency, has been actively involved in mapping and surveying activities to support various government initiatives. It has played a vital role in mapping rural areas through the SVAMITVA scheme (Survey of Villages and Mapping with Improved Technology in Village Areas), which aims to provide rural citizens with property documentation and improve land administration. The Digital India Land Records Modernization Program (DILRMP) is a comprehensive initiative sponsored by the Government of India. It merges existing initiatives for computerizing land records and strengthening revenue administration and land records updating. The program's main objectives are to modernize land record management, reduce land disputes, enhance transparency, and facilitate conclusive titles to immovable properties in the country. The major components of the DILRMP include computerizing all land records, digitizing maps, integrating textual and spatial data, conducting surveys and updates and integrating registration processes with the land records maintenance system. The ultimate goal is to establish an Integrated Land Management system that serves as a single window for accessing all components of DILRMP and interlinking them for efficient and effective land record management across the country. Several states have adopted to use modern surveying technologies to do the resurvey projects for updating land records.

The Smart Cities Mission is a flagship government program focused on developing 100 smart cities across the country. Geospatial technologies are essential in this initiative to enable smart urban planning, efficient infrastructure management, and the delivery of citizen-centric services. Programs have been initiated to make the Integrated command and control centres of the Smart cities to be independent through monetisation program which can be sustainable. Geospatial applications hosted in these Control centres are potential avenues for generating revenues through innovative usages.

Moreover, the government has been promoting the use of geospatial data for disaster management and mitigation. By leveraging GIS technology, authorities can predict, mitigate and respond to natural disasters more effectively, saving lives and reducing damage to property and infrastructure.

The Indian geospatial industry has also witnessed significant growth, driven by government policies and investments. Several Indian companies have emerged as global players in the geospatial market, offering cutting-edge solutions and services to domestic and international clients. The industry's growth has led to the creation of jobs and opportunities for skilled professionals in various geospatial domains.

Furthermore, the government has actively engaged with the private sector and academic institutions to foster innovation and research in geospatial technologies. Collaborations between the government, industry and academia have resulted in the development of innovative solutions and applications that address various societal and environmental challenges.

The government's initiatives and support have been instrumental in promoting the adoption of geospatial technologies in India. These efforts have not only contributed to the growth of the GIS industry but have also enabled better governance, improved service delivery, and enhanced decision-making processes across different sectors of the economy. As India continues to embrace digital transformation and data-driven approaches, geospatial technologies will play an even more significant role in shaping the nation's future development.

The Indian geospatial industry is transitioning from data-focused to knowledge-oriented and from a service-oriented sector to a solutions-driven one, supported by Government of India geospatial Guidelines and the National Geospatial Policy. The industry's growth is reflected in partnerships, mergers and acquisitions, as well as the rise of new geospatial startups. Forecasts indicate India's geospatial market will reach around ₹ 37.16 thousand crores by 2025, with a CAGR of 10.35 percent between 2022 and 2025. The global pandemic caused a decline in the geospatial export market, but with policy reforms and strategic collaborations, it is projected to grow at a CAGR of 6.5 percent, reaching approximately ₹ 14.07 thousand crores by 2025.

Private companies in India in the geospatial sector play a significant role in sectors like telecom, AEC, utilities, electricity, and road consultancy. They have driven India's growth and development by utilizing geospatial technologies for network expansion, urban development, asset management, risk assessment and infrastructure planning. Their contributions have

been crucial in shaping India's modern infrastructure, sustainable development and overall progress. Details of few important geospatial sector details are provided below as per the Artha Market report:

Urban Planning and Development: Geospatial data and technologies are essential for well-informed urban development, enabling effective decision-making in zoning, urban planning, and infrastructure management. Satellite images, GIS analytics, navigation systems, and LiDAR surveys are used for land use analysis, infrastructure planning, and 3D modelling. According to Artha report published by the Geospatial Communications and Media, the Indian geospatial technology market for urban development is estimated to be ₹ 2.1 thousand crores in 2022, projected to reach ₹ 3.4 thousand crores in 2025. GNSS and positioning market expected to grow from ₹ 970 crores in 2021 to ₹ 1.6 thousand crores in 2025 at a CAGR of 19.68%. GIS and Spatial Analytics market expected to reach ₹ 1.13 thousand crores in 2025.

Telecom: India's telecom industry is the world's second-largest, with significant growth driven by competitive pricing and improved connectivity. The government's focus on 5G and foreign investments has contributed to the sector's expansion. The geospatial technology market for the utilities sector in India is estimated to be ₹ 1.8 thousand crores in 2022, projected to reach ₹ 2.8 thousand crores in 2025. The GNSS and positioning market expected to grow from ₹ 1.03 thousand crores in 2021 to ₹ 1.49 thousand crores in 2025 at a CAGR of 13.12%. GIS and Spatial Analytics market expected to reach ₹ 731 crores in 2025.

Electricity: The electricity sector in India has witnessed significant growth, driven by private sector participation and renewable energy initiatives. The government's focus on renewable energy and geospatial technologies has improved infrastructure planning and management. The sector's geospatial technology market is estimated to be ₹ 1.8 thousand crores in 2022, projected to reach ₹ 2.8 thousand crores in 2025. GNSS and positioning market expected to grow from ₹ 1.03 thousand crores in 2021 to ₹ 1.49 thousand crores in 2025 at a CAGR of 13.12%. GIS and Spatial Analytics market expected to reach ₹ 731 crores in 2025.

Forestry: Forests are essential for biodiversity conservation and geospatial technologies play a crucial role in supporting forestry development and conservation efforts. The geospatial technology market for the forestry sector in India is estimated to be ₹ 59.81 crores in 2022, projected to reach ₹ 75.7 crores in 2025. The GNSS and positioning market expected to grow from ₹ 27.06 crores in 2022 to ₹ 42.35 crores in 2025 at a CAGR of 8.17%. Earth Observation market expected to reach ₹ 12.35 crores in 2025.

Agriculture and Rural Development: Geospatial technologies are expected to enhance productivity and resource management in India's agriculture sector, contributing to the overall economy. The geospatial technology market for the agriculture sector is estimated to be ₹ 52.39 crores in 2022, projected to reach ₹ 67.65 crores in 2025. The Earth Observation market expected to grow from ₹ 16.41 crores in 2022 to ₹ 22.94 crores in 2025 at a CAGR of 7.61%. GIS and Spatial Analytics market expected to reach ₹ 21.13 crores in 2025.

Disaster Management: Geospatial technologies play a crucial role in disaster management, enabling accurate mapping, monitoring, and relief operations. The geospatial technology market for the disaster management sector in India is estimated to be ₹ 672.74 crores in 2022, projected to reach ₹ 906.90 crores in 2025. The GNSS and positioning market expected to grow from ₹ 222 crores in 2022 to ₹ 366 crores in 2025 at a CAGR of 18.18%. Earth Observation market expected to reach ₹ 285 crores in 2025.

Land Administration: The Land Administration sector is expected to be one of the crucial geospatial markets in India, driven by transformative initiatives like SVAMITVA and land surveying using drones. The geospatial technology market for the sector is estimated to be ₹ 1.1 thousand crores in 2022, projected to reach ₹ 1.5 thousand crores in 2025.

Supply and Logistics Sector: The supply chain and logistics sector in India play a crucial role in domestic and foreign trade, supported by government initiatives and budgetary allocations. The geospatial technology market for the sector is estimated to be ₹ 672.74 crores in 2022, projected to reach ₹ 906.90 crores in 2025. The GNSS and positioning market expected to grow from ₹ 222 crores in 2022 to ₹ 366 crores in 2025 at a CAGR of 18.18%. Earth Observation market expected to reach ₹ 285 crores in 2025.

Market Outlook

The geospatial market outlook is highly promising, fuelled by several key factors that contribute to its positive trajectory. Geospatial technologies, such as Geographic Information Systems (GIS), satellite imaging, aerial imaging, terrestrial mapping and Global Positioning System (GPS), are witnessing increasing adoption across various industries, as governments and organizations recognize the value of location intelligence in making informed decisions and optimizing processes. The rapid rise of smart cities and urbanization globally is also driving the demand for geospatial solutions. Cities heavily rely on geospatial data for urban planning, infrastructure management, transportation optimization, and overall citizen welfare. The geospatial industry is poised for continuous growth, driven by technological advancements and widespread adoption across diverse industries. It is set to play a crucial role in driving innovation, sustainable development, and data-driven decision-making in the years to come.

Genesys excels in large-scale mapping using advanced LiDAR and optical sensors via both manned and unmanned aerial systems. The company also employs terrestrial mobile mapping systems to map streets. The specialization lies in 3D modelling for diverse sectors like urban planning, rural development, agriculture, forestry, transportation, logistics, and disaster management. These endeavours highlight Genesys's dedication to employing GIS technology to tackle vital challenges within these domains. Through innovative GIS solutions, Genesys empowers organizations to adopt data-driven decision-making. By doing so, the company plays a pivotal role in driving sustainable development across these sectors.

Opportunities and Challenges

The geospatial technology market is ripe with opportunities driven by various trends and industry demands. Firstly, the increasing demand for location-based services has led to the popularity of navigation, ride-sharing, and real-time delivery tracking apps, creating a significant market for geospatial technology providers. There is a growing trend in the existing smart cities to upgrade to 3D GIS in order to increase urban infrastructure efficiency, where geospatial technology plays a pivotal role in planning and implementation, offering innovative solutions to address urban challenges. The integration of geospatial technology with the Internet of Things (IoT) is unlocking new possibilities for real-time location data in IoT devices. This integration is facilitating applications such as asset tracking and smart logistics, expanding the horizons for geospatial technology adoption. Moreover, disaster management and mitigation efforts are increasingly relying on geospatial tools like LiDAR datasets, remote sensing and GIS to prepare for and respond to natural calamities, opening avenues for specialized service providers in this sector. Lastly, the agriculture sector is embracing geospatial technology for precision farming and land administration initiatives. The use of satellite imagery, aerial imagery and GIS in agriculture enhances productivity, resource management and sustainability practices, creating opportunities for geospatial technology companies to cater to this growing demand. With these opportunities emerging across various industries and sectors, the geospatial technology market is set to witness substantial growth and innovation in the coming years. As technologies continue to evolve, the geospatial industry will play an increasingly critical role in shaping a connected and data-driven world.

The geospatial technology market, while offering promising opportunities, also faces several challenges that need to be addressed for sustained growth and success. One of the foremost concerns is data privacy and security, as the integration of personal and sensitive data into geospatial applications raises fears of data breaches and misuse, potentially leading to regulatory issues and loss of consumer trust. Also, at the same time, the Indian geospatial market faces infrastructural and connectivity challenges, especially in remote regions with limited access to high-speed internet and digital infrastructure. Bridging this digital divide is essential to ensure equal access to geospatial solutions across the country.

The market's highly competitive nature is another challenge, with rapid technological disruptions posing a threat to established companies that may struggle to keep pace with emerging trends. Ensuring data quality and accuracy is crucial for geospatial applications, as errors or inaccuracies in mapping or location data can result in costly consequences, including navigational errors and project delays, impacting the reputation of geospatial providers. Furthermore, the availability of robust infrastructure, such as high-speed internet connectivity and advanced hardware, is essential for the successful adoption of geospatial technology. In regions with limited access to such infrastructure, the penetration of geospatial solutions may be slow or restricted. Addressing these challenges effectively will be key to unlocking the full potential of the geospatial technology market and enabling its continued growth and impact across diverse industries.

The skill gap is another risk in the Indian geospatial market. A shortage of skilled professionals with expertise in advanced geospatial technologies and spatial analysis may hinder industry growth and innovation. Addressing this gap through geospatial education and training is crucial for building a skilled workforce.

Risk and Concerns

The Indian geospatial market offers immense potential for growth and impact across various sectors. Addressing the risks and concerns related to regulations, infrastructure, funding, skills, cybersecurity, and public awareness is crucial for realizing this potential. By fostering a supportive regulatory environment, investing in infrastructure and education and promoting responsible practices, the geospatial industry can flourish and play a vital role in India's development journey.

Cybersecurity is a paramount concern as the geospatial industry heavily relies on digital data and cloud-based services. Implementing robust cybersecurity measures is essential to protect sensitive information from cyber threats and potential data breaches.

Another concern is related to funding and investment. The geospatial industry requires substantial investment in research, development, and infrastructure. Ensuring adequate funding and support for startups and research institutions is vital to drive innovation and competitiveness. Intellectual property and data sharing issues are also a concern. Though there are clear guidelines on data ownership and sharing but it requires adequate campaigns to broadcast the policies to the concerned stakeholders and make them aware of the benefits of the same.

The public perception and awareness of geospatial technologies need improvement. Despite their significance, there may be a lack of understanding among the general public about their potential benefits and applications. Raising awareness and promoting responsible use can enhance public trust and support for the geospatial industry.

Material Developments in Human Resources Including Number of People Employed

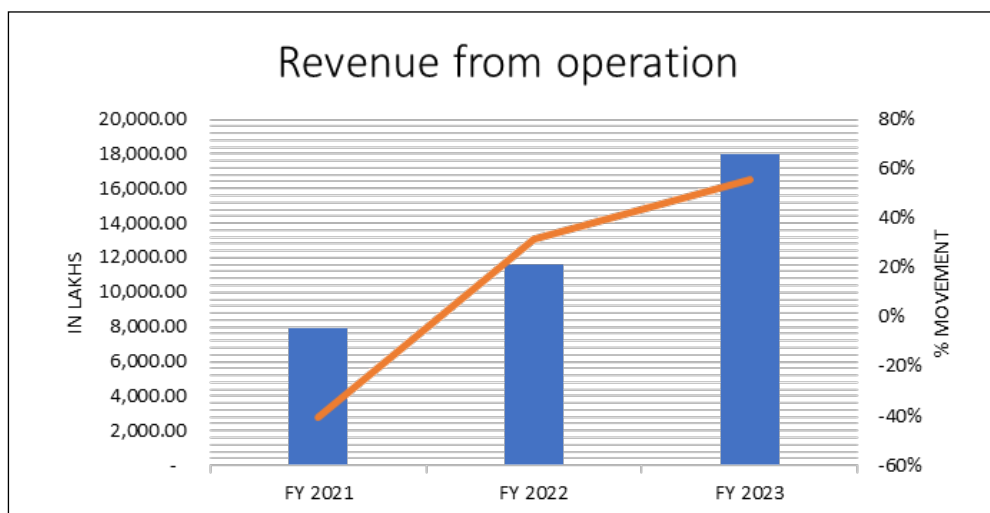

One of the greatest strengths of our organization is innovation in the field of map making & we have continued to invest in this by bringing in right talent & providing them opportunities to work on cutting edge technologies. We continue to hire both, experienced candidates with GIS domain expertise, as well as fresh graduates from accredited Universities specializing in GIS courses. At the same time we are focused on rewarding employees who go the extra mile, through our rewards and recognition program that runs on quarterly basis. As an organization, diversity remains at the core of our culture. We will continue to focus on hiring & developing diverse workforce. During the year, we hired 383 professionals. Our employee headcount as of 31st March 2023 was 1050 professionals.

Internal Control Systems

The Company maintains an adequate internal control system, which provides, among other things, reasonable assurance of recording the transactions of its operations in all material aspects and of providing protection against significant misuse or loss of Company's assets. The Company uses an Enterprise Resource Planning (ERP) package which enhances the internal control mechanism. The Internal control systems of the Company are effective and adequate, commensurate with the size and complexities of its operations. These are regularly tested for their effectiveness by the statutory as well as the internal auditors. The internal auditors review the adequacy, integrity and reliability of control systems and suggest improvements in its effectiveness. The internal audit team conducts extensive reviews and process improvements identified during the reviews are communicated to the management on an on-going basis. Significant observations made by the internal auditors and the follow-up actions thereon are reported periodically to the Audit Committee of the Board of Directors.

Summary of financial performance:

Genesys International records highest ever yearly Revenue and PAT growth of 50% and 146%.

- Key Standalone Financial Highlights (FY 2023 – Y-o-Y Basis)
 - Total Revenue up 50.24% to ₹ 18,635.22 lakhs
 - EBITDA up 99.75% to ₹ 6,484.66 lakhs
 - PAT up 145.58% to ₹ 3,845.94 lakhs
- Key Consolidated Financial Highlights (FY 2023 – Y-o-Y Basis)
 - Total Revenue up 52.55% to ₹ 18,763 lakhs
 - EBITDA up 110.34% to ₹ 6,487.07 lakhs
 - PAT up 42.25% to ₹ 1,907.78 lakhs
- Other Key Highlights (Standalone)
 - The company's traction on its content program remains strong.
 - Standalone Revenue from 12M FY23 has exceeded full year FY22 revenue by 50.24%
 - Standalone EBITDA in FY23 stood at ₹ 6,484.66 lakhs, increase of ₹ 3,238.27 lakhs, 99.75% EBITDA Margin for FY23 maintained at 37%
 - Standalone PAT in FY23 stood at ₹ 3,845.94 lakhs, y-o-y increase of 145.58%
- Other Key Highlights (Consolidated)
 - Net Profit attributable to the Genesys (Parent) has increased from ₹ 1,341.15 lakhs in FY22 to ₹ 1,907.78 lakhs, in FY23 registering an increase of 42% on a y-o-y basis.
 - Genesys has increased its shareholding in A N Virtual World from 66% to 97.73% during the year.

1. Equity

Equity Share Capital

During the year, the paid-up Capital of the Company increased to ₹ 1,887.75 Lakhs at the end of 31st March 2023, as against ₹ 1,568.14 Lakhs at the end of 31st March 2022.

During the year, the Company has issued and allotted following securities on a preferential basis to non-promoters:

- 8,69,565 equity shares at ₹ 460/- per share
- 29,79,975 equity shares at ₹ 470/- per share
- 13,04,345 Convertible share warrants at ₹ 460/- per warrant
- 3,19,145 Convertible shares warrants at ₹ 470/- per warrant

The above were approved by the Shareholders in the Extra Ordinary General Meetings (EGM) held on 9th July 2022.

Consequently, the Company received ₹ 180.06 Crores from allotment of the equity shares and ₹ 18.75 crores from allotment of the convertible share warrants (25% of the said warrants).

Also allotted following equity shares:

- 279,727 equity shares under ESOP scheme 2020 of ₹ 5 each
- 13,080 equity shares under ESOP scheme 2010 of ₹ 5 each
- 1500,000 equity shares on conversion of compulsory convertible debentures
- 750,000 equity shares on conversion of share warrant

The authorised equity shares capital of the Company remained unchanged at ₹ 2,550.00 Lakhs comprising of 51,000,000 shares of ₹ 5 each at the end of 31st March 2023.

2. Other Equity

Securities Premium

On allotment of the equity shares under above mentioned preferential issue and ESOP scheme 2020 and on fresh issue of 58,873 equity shares in AN Virtual World Tech Pvt Ltd (Cyprus), Securities Premium account in the consolidated books increased to ₹ 25,732.72 lakhs at the end of March 31, 2023 from ₹ 5,265.17 lakhs at the end of previous year. Similarly, in the standalone books, securities premium account at the end of March 31, 2023, stood at ₹ 22,060.44 Lakhs compared to ₹ 1,581.23 Lakhs at the end of earlier year.

Retained Earnings

The Company reported a rise in the Retained Earnings at the end of March 31, 2023, in its standalone financials, from ₹ 9,546.20 lakhs at the end of March 31, 2022 to ₹ 12,671.49 lakhs. Movement in retained earnings was primarily on account of profit earned during the year.

In the consolidated financials, the balance in the Retained Earnings increased to ₹ 5,959.23 Lakhs at the end of March 31, 2023 from ₹ 8,423.84 Lakhs at the end of previous year.

General Reserve

No movement is reported in the General Reserve account in the year under reference and it continues to be at, ₹ 2,345.85 Lakhs as at March 31, 2023, in the standalone and as well as consolidated financials, like in the previous year.

Share options outstanding account

The balance in Share Options Outstanding Account is reported ₹ 333.49 Lakhs as at March 31, 2023, as compared to ₹ 118.35 as at March 31, 2022.

During the year under review, 279,727 Equity Shares of ₹ 5 each, were allotted to the eligible employees and 50,000 options equivalents to the same number of equity shares, were cancelled / lapsed, under Employee stock options scheme 2020 and 13,080 equity share of ₹ 5 each, were allotted to the eligible employees under Employee stock options scheme 2010.

During the year, the Compensation Committee of the Board of Directors has granted 195,000 stock options in October 2022 to the eligible employees, in terms of Company's ESOP Scheme- 2022. Further the Compensation Committee of the Board of Directors has also granted 100,000 Stock Options in December 2022 to its eligible employees under the Company's ESOP Scheme- 2022. One stock option grant represents one equity share of ₹ 5/- each.

As the Options were granted by the parent company, there was no separate impact under this head in the consolidated books.

Special Economic Zone Re-Investment Reserve

This reserve has been created out of the profits of eligible SEZ units in terms of the provisions of Section 10AA(1)(ii) of the Income-tax Act, 1961. This reserve is to be utilized by the Company for acquiring new plant and machinery for the purpose of its business in the terms of Section 10AA(2) of the Income-tax Act, 1961.

In FY 2022-23, ₹ 1,526.49 Lakhs (previous year ₹ 435.56 lakhs) has been transferred from Retained Earnings to this reserve account.

Further, during FY 2022-23 ₹ 854.34 Lakhs (previous year ₹ 21.58 lakhs) has been utilized for acquiring new plant and machinery out of the reserve created in FY 2021-22.

Above reserve is appearing in the parent company's books and as such, therefore, there is no additional impact of the same in consolidated financials.

Capital Reserve

Capital Reserve account remained same at the end of FY 2022-23 at ₹ 1,735.06 Lakhs, compared to earlier year in standalone financials whereas in consolidated financials capital reserve stands at ₹ 1894.13 lakhs as compared to previous year ₹ 1735.06 lakhs.

Foreign Exchange Fluctuation Reserve

Foreign Exchange Fluctuation reserve arising out of consolidation of financials of the group, amounted to (₹ 1005.29 Lakhs) and (₹ 1713.18 Lakhs) as of March 31, 2023 and March 31, 2022, respectively.

Others Reserve

Other Reserve includes Share application money pending allotment remains at ₹ 2.61 lakhs as at 31 March 2023 in both standalone and consolidated financials.

3. Financial Liabilities

A. Borrowings:

Borrowings primarily include loan from financial institution, vehicle loan from bank and others; and working capital facility from the bank

Borrowings in the nature of vehicles loans are secured by the assets purchased. Similarly, working capital facility from the bank is secured by book debts, all moveable and immovable assets of the company, current and future.

During the year 2022-23, borrowings have increased on account of addition of vehicle loans, on account of loan from financial institution and increased utilization of working capital facility, compared to the previous year.

In standalone financials, borrowings, both current and non-current together, amounted to ₹ 3,238.47 Lakhs and ₹ 1,142.34 Lakhs as of March 31, 2023 and March 31, 2022, respectively.

Similarly, in consolidated books, total borrowings amounted to ₹ 3,238.47 Lakhs and ₹ 2,019.66 Lakhs as of March 31, 2023 and March 31, 2022 respectively.

B. Provisions:

Provisions include liability on account of Compensated Absences and Gratuity for the employees. In the standalone and consolidated financials, current and non-current provisions together, is reported at ₹ 997.51 Lakhs and ₹ 826.01 Lakhs as of March 31, 2023 and March 31, 2022, respectively.

C. Trade Payables

There has been a rise in the trade payable at the end of 2022-23 compared to the earlier year. Such increase is primarily attributable to increased volume of business, etc. Trade payables reported at ₹ 2,032.84 Lakhs as at March 31, 2022; has risen to ₹ 2,153.13 Lakhs at the end of March, 2023, in the standalone financials. Trade Payables represents amounts payable to the suppliers of the Company for day to day functioning.

In consolidated financials, trade payables amounted to ₹ 2,222.74 Lakhs and ₹ 2,398.40 Lakhs as of March 31, 2023 and March 31, 2022, respectively.

Both in the standalone and consolidated financials, as at March 31, 2023, Trade Payable includes ₹ 25.97 lakhs (Previous year: ₹ 8.44 lakhs), due and payable to micro and small enterprises, registered under the Micro, Small and Medium Enterprises Development Act, 2006 (MSME).

D. Other Current Financial Liabilities & Lease Liabilities

Other Current Financial Liabilities primarily include capital creditors, finance lease obligations, unclaimed dividend, and other payables.

Other payables include liability arising out of contractual obligations within the Company (employees and others) and outside (vendors/service providers and others).

In the standalone financials, other current financial liabilities are reported at ₹ 2,230.95 Lakhs as at March 31, 2023, as against ₹ 2,154.94 Lakhs as at March 31, 2022. The rise in other current financial liabilities is due increase in the balance of other payables.

On a consolidated basis, other current financial liabilities amounted to ₹ 2,231.32 Lakhs and ₹ 2,155.04 Lakhs as of March 31, 2023 and March 31, 2022, respectively.

Lease liabilities, which include operating and finance lease, current and non-current put together, are reported at ₹ 693.29 Lakhs at the end of 2022-23, as against ₹ 630.37 Lakhs in the earlier year, in both, standalone as well as consolidated financials.

4. Other Current Liabilities

Other Current Liabilities include statutory dues payable and advance received from customers. Statutory dues include PF payable/GST payable/ TDS payable etc. Other current liabilities stood at ₹ 306.91 Lakhs as of March 31, 2023 in the standalone financials of the Company as against ₹ 259.22 Lakhs as at March 31, 2022.

In the consolidated financials, other current liabilities reported at ₹ 306.96 Lakhs and ₹ 261.77 Lakhs as of March 31, 2023 and March 31, 2022, respectively.

5. Property Plant & Equipment & Intangibles assets

During the year 2022-23, following assets were procured by the Parent Company.

Particulars	(₹ in Lakhs)	
	31-Mar-23	31-Mar-22
Aircraft	350.65	-
Computer Hardware	934.84	171.29
Furniture & Fixtures	6.05	3.95
Office Equipment	58.12	37.81
Vehicles	654.01	134.77
Electrical Installation	-	51.23
Leasehold Improvement	5.58	37.25
Camera Equipment	2,034.28	177.12
Computer Software	334.33	119.39
Total	4,377.86	732.81

Consequently, gross block in the books of the Parent Company increased to ₹ 15,917.90 Lakhs at the end of March, 2023 as against ₹ 11,929.19 Lakhs in the previous year.

Similarly, gross block in the consolidated financials were reported at ₹ 33,465.34 Lakhs and ₹ 28,276.85 Lakhs at on March 31, 2023 and March 31, 2022, respectively.

Deductions to gross block

During the year FY 2022-23, the Company has disposed of some assets from its gross block amounting to ₹ 389.15 In FY 2021-22, no assets were disposed of.

Assets disposed of included parts of furniture & fixtures, office equipment, rights of use premises, etc. in current year.

6. Financial Assets

A. Investments

Current Investment represents surplus funds of the Company parked with mutual funds that can be recalled at short notice. Non-current investments, on the other hand, primarily represent investments in debentures and equity shares of other entities, including subsidiary company.

In consolidated financials, non-current investments are reported as ₹ Nil, as of March 31, 2023 as well as in March 31, 2022 due to elimination / diminution in value of investment in subsidiary and other entity.

As at 31 March 2022, the Company's Subsidiary, viz. A N Virtual World Tech Limited, Cyprus, had impaired intangible asset. As a result, the Company had impaired ₹ 8,569.79 lakhs on its investment in the said subsidiary. Additionally, the Company had made an impairment provision of ₹ 1,469.09 lakhs on loan given to its step-down subsidiary, viz. Virtual World Spatial Technology Private Limited, India.

However, management believes that the new Geospatial policy augers well for the business and its content strategy. Substantial traction is expected in this space for the Group.

During the year, the Company has acquired 850,329 fully paid-up equity shares of A.N. Virtual World Tech Limited, Cyprus. Consequently, the Company owns 97.73% of A.N. Virtual World Tech Limited, Cyprus.

Consequently, in standalone financials, non-current investment is reported at ₹ 13,334.79 Lakhs as at March 31, 2023, representing Parent Company's investment in the subsidiary Company. Similarly, non-current investment at the end of March 31, 2022, was reported at ₹ 5,935.39 Lakhs.

In the standalone as well as consolidated financials, Current Investment were ₹ 5,114.12 Lakhs as at March 31, 2023, as against ₹ 599.97 Lakhs as at March 31, 2022; the increase of ₹ 4,514.15 lakhs is represented by temporary placement of unutilized funds in mutual funds.

B. Trade Receivables

Trade Receivable balance in the standalone financials has gone up by 71.57% growth at the end of 2022-23 at ₹ 8,432.20 lakhs from ₹ 4,914.60 lakhs at the end of earlier year. The increase is attributable to the increase in the operating revenue of the company in 2022-23.

In the consolidated financials, trade receivables net of provision for doubtful debt, amounted to ₹ 8,321.94 Lakhs and ₹ 4,914.60 Lakhs as of March 31, 2023 and March 31, 2022, respectively.

As per IND AS 109, the company uses the Expected Credit Loss (ECL) model to assess any required allowances; and uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues.

C. Cash and Bank Balance

Cash & cash equivalent and other bank balance including the balance in deposit and margin money accounts collectively stood at ₹ 1,596.14 Lakhs as at March 31, 2023, as compared to ₹ 2,191.46 Lakhs as at March 31, 2022, in standalone financials. All bank related balances are being maintained with scheduled banks.

In consolidated financials, similar balances collectively stood at ₹ 1,799.35 Lakhs as at March 31, 2023, as compared to ₹ 2,196.73 Lakhs as at March 31, 2022.

The bank balances include both Rupee accounts and foreign currency accounts.

D. Loans

During the year, the parent company has granted fresh loan of ₹ 100.00 lakhs to the step-down subsidiary. Consequently, loan to step down subsidiary balance as at March 31, 2023, is reported at ₹ 75.31 lakhs as against ₹ Nil due to impairment carried out in March 31, 2021.

Loan includes loan granted to its employee which amounts to ₹ 37.40 Lakhs (₹ 40.40 lakhs in previous year), recoverable / adjustable against the salary.

E. Other Financial Assets

Other non-current financial assets include Earnest Money Deposits given for business purposes, to government / other agencies and include security deposits given for various utility services and to landlords to secure rented premises, margin money for bank guarantee for a period exceeding 12 months, etc.

Other non-current financial assets are reported at ₹ 264.66 Lakhs as at March 31, 2023, compared to ₹ 240.93 Lakhs as at March 31, 2022 in standalone financials. In consolidated book, the same was reported at ₹ 264.91 Lakhs as at March 31, 2023 and ₹ 241.15 Lakhs as at March 31, 2022.

Other current financial assets include unbilled revenue, export incentive receivable, interest accrued and deposits.

In standalone financials, other current financial assets are reported at ₹ 7,783.74 Lakhs as at March 31, 2023, as compared to ₹ 4,420.81 Lakhs as at March 31, 2022.

Similarly, on consolidated basis, other current financial assets amounted to ₹ 7,805.23 Lakhs as at March 31, 2023, as compared to ₹ 4,418.85 Lakhs as at March 31, 2022.

7. Other Assets

Other assets include Other Current Assets and Other Non-Current Assets, which in turn include capital advances, prepaid expenses.

Capital advances, as the name suggests, include amount paid in advance on capital account. Other advances represent staff advances and advances to creditors.

Other non-current assets amounted ₹ 836.44 Lakhs as at March 31, 2023, compared to ₹ 24.06 Lakhs as at March 31, 2022 in both standalone and consolidated financials.

Similarly, other current assets amounted ₹ 1,165.99 Lakhs as at March 31, 2023, as compared to ₹ 539.35 Lakhs as at March 31, 2022. On a consolidated basis, other current assets amounted ₹ 1,299.75 Lakhs as at March 31, 2023, as compared to ₹ 669.85 Lakhs as at March 31, 2022.

8. Deferred Tax Assets/Liabilities

Tax impact arising out of timing difference between the book profit and the taxable profit is known as deferred tax.

Deferred tax assets arise when the amount of tax has either been paid or has been carried forward but it has still not been acknowledged in the statement of income. The actual value of the deferred tax asset is generated by comparing the book income with the taxable income. The biggest advantage of the deferred tax asset is that it causes the company's tax liability to go down in the future.

Deferred tax liabilities, on the other hand arise when a company's current tax liability is less, which it would eventually pay in the future.

On a standalone basis, deferred tax assets are reported at ₹ 2,688.88 Lakhs as at March 31, 2023, compared to ₹ 2,730.90 Lakhs as at March 31, 2022.

Similarly, on a consolidated basis, deferred tax assets amounted ₹ 2,690.34 Lakhs as at March 31, 2023, as compared to ₹ 2,732.58 Lakhs as at March 31, 2022.

Deferred tax assets also include MAT credit to the tune of ₹ 2,195.12 Lakhs as at March 31, 2023 and ₹ 2,108.62 Lakhs as at March 31, 2022.

9. Income Tax Assets / Liabilities

Income Tax Assets, net of provision, include Advance Income Tax. Income tax assets amounted to ₹ 166.91 Lakhs in reported standalone and consolidated financials as at March 31, 2023, compared to ₹ 349.34 Lakhs as at March 31, 2022.

Income Tax Liabilities amounted to ₹ 123.06 lakhs in reported standalone and consolidated financials as at March 31, 2023 compared to ₹ 23.58 as at March 31, 2022.

Income and Expenditure

10. Income

(₹ in Lakhs)

Particulars	Standalone			Consolidated		
	2023	2022	% Change	2023	2022	% Change
Revenue	17,991.20	11,962.92	50.39%	18,112.85	11,962.92	51.41%

The Company derives revenue principally from technology services provided to clients from various industries.

There has been a rise in the revenue of the Company during 2022-23 compared to that of 2021-22.

The increase in revenue is primarily attributable to the increase in the volume of business from existing and new customers.

11. Other Income

In the standalone financials, other income for fiscal 2022-23 primarily includes income from investments of ₹ 295.40 Lakhs, foreign exchange gain (net) of ₹ 314.39 Lakhs and ₹ 34.23 Lakhs on account of income on miscellaneous counts.

During the previous year, other income primarily included income from investments of ₹ 154.20 Lakhs, a foreign exchange gain (net) of ₹ 145.79 Lakhs, and ₹ 141.13 Lakhs on account of miscellaneous income.

On a consolidated basis, other income for fiscal 2022-23 primarily includes income from investments of ₹ 281.13 Lakhs, foreign exchange (net) of ₹ 314.39 Lakhs and ₹ 54.63 Lakhs on account of miscellaneous income.

During the previous year, in consolidated books, other income primarily included income from investments of ₹ 45.28 Lakhs and a foreign exchange (net) of ₹ 145.79 Lakhs and ₹ 145.82 Lakhs on account of miscellaneous income.

12. Expenditure

Operating expenses of the Company primarily consist of employees' benefit expenses, project expenses, depreciation and amortization, finance costs, and other expenses.

In the books of the Parent Company, cost of sales for the year 2022-23 accounted for 77% of revenues, compared to 87% during the previous year; consequently, there has been an increase in the operating profit of the parent company in the current year. In consolidated financials, cost of sales accounts for 90% of revenues in 2022-23, compared to 95% during the previous year.

GENESYS INTERNATIONAL CORPORATION LIMITED

In Accordance with The Sebi (Listing Obligations and Disclosure Requirements 2018) (Amendment) Regulations, 2018, The Company is Required to Give Details of Significant Changes (Change of 25% or More as Compared to the Immediately Previous Financial Year) in Key Financial Ratios

Sr. No.	Key Financial Ratios *	FY-23	FY-22	% Change
1	Debtors Turnover	2.70	2.74	-0.04
2	Inventory Turnover	NA	NA	-
3	Interest Coverage Ratio	31.92	-53.22	85.14#
4	Current Ratio	3.54	2.09	1.44
5	Debt Equity Ratio	0.07	0.06	0.01
6	Operating Profit Margin (%)	0.33	0.24	0.09
7	Net Profit Margin (%)	0.21	-0.71	0.92
8	Return on Net worth	2.47	1.64	0.83

* Ratios are based on Standalone Financials

Improved due to impairment impact on previous year.

CAUTIONARY STATEMENT

Certain statements made in the Management Discussion and Analysis Report may constitute 'forward-looking-statements' within the meaning of applicable laws and regulations. Actual results may differ from such expectations, projections, etc., whether express or implied. Several factors could make a significant difference to the Company's operations. These include climate and economic conditions affecting demand and supply, government regulations and taxation, natural calamities, etc. over which the Company does not have any direct control.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Genesys International Corporation Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Genesys International Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity² and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and profit other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matter	How the Key Audit Matter was addressed in our audit
1	<p>Revenue Recognition</p> <p>Refer Note 23 of standalone financial statements.</p> <p>The Company engages in fixed price development contracts, some of which include multiple performance obligations. Revenue recognition in such contracts involves judgments relating to identification of distinct performance obligations, determination of transaction price for such performance obligations and the appropriateness of the basis of allocation of the transaction price to the respective performance obligations and also the basis of revenue recognition over a period.</p> <p>In case of fixed price development contracts where performance obligations are satisfied over a period of time, revenue is recognised using the percentage of completion ("POC") method based on Management's estimate of contract efforts. The POC method involves computation of actual cost incurred till date and estimation of total future cost to be incurred towards remaining performance obligations, which involves following factors:</p> <p>i. existence of inherent uncertainty around the estimation of total cost to complete the contract given the customized nature of the contracts.</p>	<p>Our audit procedures in respect of this area, among others, included the following:</p> <ol style="list-style-type: none"> 1. Evaluated the Company's accounting policies pertaining to revenue recognition and assessed compliance of the same in accordance with the requirements of Ind AS 115 – Revenue from contracts with customers. 2. Obtained an understanding of the systems, processes and controls implemented by the Company for evaluation of projects with fixed price development contracts to identify distinct performance obligations and basis of recognition of revenue. 3. Evaluated the design and tested the operating effectiveness of internal controls relating to recording of the contract value, determining the transaction price, allocation of consideration to performance obligations, measurement of efforts incurred and process around estimation of efforts required to complete the remaining performance obligations and the most appropriate method to recognise revenue. 4. Verified the samples on a test check basis and ensured that the revenue recognised is in accordance with Ind AS 115 by performing the following:- <ul style="list-style-type: none"> - By reviewing the contractual terms to identify the performance obligation and assessing the basis of revenue recognition;

GENESYS INTERNATIONAL CORPORATION LIMITED

	<p>ii. the estimation of total cost to complete the contract involves significant judgement throughout the period of contract and is subject to revision as the contract progresses based on latest available information and also involves critical estimates to make provision for onerous contract, if any;</p> <p>iii. At year end a significant amount of contract assets (unbilled revenue) and contract liabilities (unearned revenue) related to each contract is to be identified and disclosed as per the relevant requirements of the standards.</p>	<ul style="list-style-type: none"> - Considering the terms of the contracts to determine the transaction price, including adjustments for any sums payable to the customer; - Determined if the Company's evaluation of the method used for recognition of revenue is appropriate and consistent; - Verified the accuracy of the Company's calculation of efforts incurred and estimation of contract efforts including estimation of onerous obligation through a retrospective review of efforts incurred with estimated efforts; <p>5. Assessed the valuation and accuracy of contract assets and contract liabilities on balance sheet date recognised by evaluating underlying documentation.</p> <p>6. Assessed the adequacy and appropriateness of the disclosures made in the financial statements is in accordance with Ind AS 115 and applicable financial reporting framework.</p>
2	<p>Assessment of Impairment of Carrying value of Investment in foreign subsidiary</p> <p>Refer Note 7a to the standalone financial statements.</p> <p>The carrying amount of investments in foreign subsidiary amounting to ₹ 13,334.79 lakhs (PY- ₹ 5,935.39 lakhs) constitute 24.62 % of the total assets of the Standalone Financial statements as at 31 March 2023. The Company has carried out impairment testing of such investment and have recognized impairment provision of ₹ 8,569.79 lakhs (PY ₹ 8,569.79 lakhs).</p> <p>These investments in foreign subsidiary are carrying at cost less accumulated impairment. In accordance with Ind AS 36 - Impairment of assets, at each reporting period end, Management assesses the existence of impairment indicators of investments in foreign subsidiary. For investments where impairment indicators exist, management estimates the value in use in the subsidiary. The value in use is determined based on Company's assessment of impairment which involve significant judgements and estimates around revenue growth, cashflow forecasting, appropriate discount rate and other recent financing transactions. Changes in these assumptions could lead to an impact over fair value of investment and impairment provision thereon.</p> <p>Given the significant management's judgement and estimation involved, and considering the magnitude of the amount involved, we have identified this as a key audit matter.</p>	<p>Our audit procedures in respect of this area, among others, included the following:</p> <ol style="list-style-type: none"> 1) Assessed the Company's accounting policies with respect to impairment of investments in foreign subsidiary are in compliance with the requirements of Ind AS 36 Impairment of Assets. 2) Obtained an understanding of the assumption used by the Management, including design and implementation of controls over the valuation and impairment of investments in foreign subsidiary and also validation of Management review controls; 3). Tested the operating effectiveness of the controls over the valuation and impairment of investments in foreign subsidiary. 4) Obtained and reviewed the valuation report issued by the Company's independent valuation experts, and assessed the expert's competence, capability and objectivity. 5) Verified completeness, arithmetical accuracy and validity of the data like revenue, profit and cash flow projections used in the calculations; 6) Verified the reasonableness of key assumptions like terminal growth rates and the selection of discount rates. 7) Assessed the Company's sensitivity analysis and evaluated whether any reasonably foreseeable change in assumptions could lead to impairment or material change in carrying value of Investment in foreign subsidiary. 8) Assessed the adequacy and appropriateness of the disclosures made in the financial statements as prescribed in Indian Accounting Standards and applicable financial reporting framework.
	<p>Capitalization and impairment of Internally generated Intangible asset under development:</p> <p>(Refer Notes 6 to the Standalone financial Statements)</p> <p>The Company has capitalised ₹ 4,426.89 lakhs of intangibles in the nature of GIS database during the year and has an amount of ₹ 5,724.41 lakhs under development as at March 31, 2023 for the same.</p>	<p>Our audit approach includes but are not limited to the following :</p> <ol style="list-style-type: none"> a) Assessed the appropriateness of the Company's accounting policies for compliance with IND AS 36 "Impairment of asset" and IND AS 38 "Intangible Asset" and on a sample basis tested available documentation to consider whether the criteria for capitalization and impairment of asset were met.

<p>Intangible asset under development are deemed significant to our audit considering the significance of the amount involved. The significant level of Intangible assets under development requires consideration of the determination of the timing of when the asset meets specific capitalisation criteria as per Ind 38 "Intangible Assets". This involves Management judgment, such as technical feasibility, intention and ability to complete the intangible asset, ability to use or sell the asset, generation of future economic benefits and the ability to measure the costs reliably. In addition, determining whether there are any indication of impairment of the carrying value of assets, that requires Management judgment and assumptions, which are affected by future market, technological and economic developments. Accordingly, we have determined this to be a Key Audit Matter.</p>	<p>b) Performed walkthroughs of Internally generated intangible assets under development process and assessed the design effectiveness and operating effectiveness for key controls.</p> <p>c) Performed tests of details on a test check basis of capitalisation of project related costs during the year and obtained underlying evidence to verify whether the costs qualify for capitalization as per specific capitalisation criteria as per Ind 38 "Intangible Assets".</p> <p>d) Evaluated the methodology, source data and reasonableness of the key assumptions i.e the long-term growth rate used in forecasts, including consideration of the current and estimated industry and economic conditions for appropriate forecast of future revenue projections used by the Company to test the carrying value of Intangible asset under development for impairment.</p> <p>e) We a Assessed the adequacy and appropriateness of the disclosures made by the Company in accordance with Ind AS 36 and 38 in the accompanying financial statements.</p>
--	---

Information Other than the Standalone Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Company’s annual report but does not include the standalone financial statements and our auditor’s report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and

prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in “Annexure A” a detailed description of Auditor’s responsibilities for Audit of the Standalone Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government

of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 32 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. 1. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any

other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

2. The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
3. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
 - v. The Company has neither declared nor paid any dividend during the year.
 - vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2023, reporting under this clause is not applicable.

3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF GENESYS INTERNATIONAL CORPORATION LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended March 31, 2023 and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF GENESYS INTERNATIONAL CORPORATION LIMITED FOR THE YEAR ENDED MARCH 31, 2023

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- i.
- (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment, and relevant details of right-of-use assets.
- B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) Property, Plant and Equipment and right of use assets have been physically verified by the management at reasonable intervals during the year and no material discrepancies were identified on such verification.
- (c) According to the information and explanations given to us, there are no immovable properties, and accordingly, the requirements under paragraph 3(i)(c) of the Order are not applicable to the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.
- ii.
- (a) The Company is involved in the business of rendering services. Accordingly, the provisions stated in paragraph 3(ii) (a) of the Order are not applicable to the Company.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores in aggregate from Banks/ financial institutions on the basis of security of current assets. Quarterly returns / statements filed with such Banks/ financial institutions are in agreement with the books of account.
- iii.
- (a) According to the information explanation provided to us, the Company has made Investments, provided loans to subsidiaries.
- (A) The details of such loans and Investments to subsidiaries are as follows:

	Loans
Aggregate amount provided during the year	
- Subsidiaries	100 lakhs
Balance Outstanding as at balance sheet date in respect of above cases	
- Subsidiary	75.32 lakhs

- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions in relation to investments made and grant of all loans are not prejudicial to the interest of the Company. However, the loan and interest has been provided for in the standalone financial statements with respect to subsidiary amounting to ₹ 1,469.05 lakhs.
- (c) In respect of the loans outstanding on the balance sheet date, schedule of repayment of principal and payment of interest have been stipulated and the borrowers have been regular in the payment of the principal and interest. In case of one loan aggregating to ₹ 1,544.40 lakhs schedule of repayment of principal and payment of interest have not been stipulated. In the absence of stipulation of repayment terms we are unable to comment on the regularity of repayment of principal and payment of interest for such loans.
- (d) There are no amounts overdue for more than ninety days in respect of the loan granted to Other Parties.
- (e) According to the information explanation provided to us, the loan granted has not fallen due during the year. Hence, the requirements under paragraph 3(iii) (e) of the Order are not applicable to the Company.
- (f) According to the information explanation provided to us, the Company has granted loans repayable on demand or without specifying any terms or period of repayment. The details of the same are as follows:

	Related Parties
Aggregate amount of loans/ advances in nature of loans - Repayable on demand	₹ 1,544.40 lakhs
Total	₹ 1,581.80 lakhs
Percentage of loans/advances in nature of loans to the total loans	97.64%

- iv. According to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, in respect of loans given.

- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under.
- vi. The provisions of sub-Section (1) of Section 148 of the Act are not applicable to the Company as the Central Government of India has not specified the maintenance of cost records for any of the products of the Company. Accordingly, the provisions stated in paragraph 3 (vi) of the Order are not applicable to the Company.

vii.

- (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and other statutory dues have not generally been regularly deposited by the Company with the appropriate authorities though delay in deposit have not been serious.

According to the information and explanation given to us, no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, cess, and other statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanation given to us and examination of records of the Company, details of statutory dues referred to in sub Clause (a) above which have not been deposited as on March 31, 2023 on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount Demanded ₹ in lakhs.	Amount Paid ₹	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Income Tax Act, 1961	Income Tax	593.73	-	AY 2018-19	National Faceless Appeal Centre	
Income Tax Act, 1961	Income Tax	4.16	-	AY 2012-13	National Faceless Appeal Centre	

- viii. According to the information and explanations given to us, there are no transactions which are not accounted in the books of account which have been surrendered or disclosed as income during the year in Tax Assessment of the Company. Also, there are no previously unrecorded income which has been now recorded in the books of account. Hence, the provision stated in paragraph 3(viii) of the Order is not applicable to the Company.

ix.

- (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings or in payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion and according to the information explanation provided to us, money raised by way of term loans during the year have been applied for the purpose for which they were raised.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from an any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Hence, reporting under the Clause 3(ix)(f) of the order is not applicable to the Company.

x.

- (a) In our opinion and according to the information explanation given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence, the provisions stated in paragraph 3 (x)(a) of the Order are not applicable to the Company.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has made preferential allotment of shares and share warrants during the year and the requirements of Section 42 and Section 62 of the Act have been complied with. The amount raised has been used for the purposes for which they were raised.

xi.

- (a) Based on our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we report that no material fraud by the Company nor

- on the Company has been noticed or reported during the course of our audit.
- (b) We have not come across of any instance of material fraud by the Company or on the Company during the course of audit of the standalone financial statement for the year ended March 31, 2023, accordingly the provisions stated in paragraph (xi)(b) of the Order is not applicable to the Company.
- (c) As represented to us by the Management, there are no whistle-blower complaints received by the Company during the year.
- xii.
- (a) The Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii) (a) to (c) of the Order are not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv.
- (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered internal audit reports of the Company issued till date, for the period under audit.
- xv. According to the information and explanations given to us, in our opinion, during the year the Company has not entered into non-cash transactions with directors or persons connected with its directors and hence, provisions of Section 192 of the Act are not applicable to Company.
- xvi.
- (a) In our opinion, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions stated in paragraph 3 (xvi)(a) of the Order are not applicable to the Company.
- (b) In our opinion, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions stated in paragraph 3 (xvi)(b) of the Order are not applicable to the Company.
- (c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph 3 (xvi)(c) of the Order are not applicable to the Company.
- (d) The Group does not have any CIC as part of its group. Hence the provisions stated in paragraph 3 (xvi) (d) of the order are not applicable to the Company.
- xvii. Based on the overall review of standalone financial statements, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year. Hence, the provisions stated in paragraph 3 (xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of the statutory auditors during the year. Hence, the provisions stated in paragraph 3 (xviii) of the Order are not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us and based on our verification, the provisions of Section 135 of the Act are applicable to the Company. The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred either to a Fund or to a Special Account as per the provisions of Section 135 of the Act read with schedule VII. Accordingly, reporting under Clause 3(xx)(a) and Clause 3(xx)(b) of the Order is not applicable to the Company.
- xxi. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said Clause has been included in the report.

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF GENESYS INTERNATIONAL CORPORATION LIMITED

Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Genesys International Corporation Limited on the Financial Statements for the year ended March 31, 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Genesys International Corporation Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be

prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls With reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls With reference to Standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

1. Company's Background

Genesys International Corporation Limited (herein after referred as 'Company' or 'GICL') is engaged in providing Geographical Information Services comprising of photogrammetry, remote sensing, cartography, data conversion, state of the art terrestrial and 3D geo-content including location navigation mapping and other computer based related services.

The company is a public limited company incorporated and domiciled in India and has its registered office at Mumbai, Maharashtra.

The company has its Equity Shares listed on Bombay Stock Exchange and National Stock Exchange.

Authorization of Financial Statements: The Financial Statements were authorized for issuance in accordance with a resolution of the Board of Directors in its meeting held on 30 May 2023.

2. Significant Accounting Policies

2.1. Basis of preparation of Ind AS financial statements

a) Statement of Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as Ind-AS) notified under section 133 of Companies Act, 2013, read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Company's financial statements are presented in Indian Rupees (₹), which is also its functional currency.

b) Basis of Measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS: -

- i) Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments)
- ii) Share based payment transactions
- iii) Net Defined Benefit obligations

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based

on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

c) Use of Estimates and Judgments:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Critical estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognized prospectively. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- a) Revenue recognition
- b) Estimation of Defined benefit obligation
- c) Estimation of current tax expenses and Payable
- d) Useful lives of property, plant and equipment
- e) Employee stock option compensation expenses and payable
- f) Impairment of Financial and Non-Financial Assets
- g) Fair Value measurement of Financial Assets

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

2.2. Revenue recognition

Company earns revenue primarily from Geographical Information Services comprising of photogrammetry, remote sensing, cartography, data conversion, state of the art terrestrial and 3D geo-content including location and other computer based related services.

Revenue is recognized upon transfer of control of promised services or products to customers in an amount that reflects the consideration which Company expects to receive in exchange for those services or products.

- Revenue from time and material and job contracts is recognized on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where Company is standing ready to provide services is recognized based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognized using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct third party hardware and / or software is recognized at the point in time when control is transferred to the customer.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, company recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Company disaggregates revenue from contracts with customers by geography.

The Company uses the following critical accounting estimates in Revenue recognition:

The company's contract with Customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgments are also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The company exercises judgments in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risk and rewards to the customer, acceptance of delivery by the customer, etc.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

Revenue for fixed price contract is recognized using percentage-of completion method. The Company uses judgment to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

Interest Income:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

Dividend Income:

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Other Income:

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

2.3. Property, Plant and equipment

Property, plant and equipment's (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost of acquisition includes directly attributable costs for bringing the assets to its present location and use.

The cost of an item of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the assets derecognized.

Depreciation:

Depreciation on PPE is provided as per straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of PPE in whose case the life of the items of PPE has been assessed as under based on technical estimate, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, manufacturer's warranties and maintenance support etc.

Particulars	Useful Life
- Computer hardware (including servers & networks)	3 years
- Imaging Systems	3 years
- Other Assets	As per Useful Life specified in Schedule II

Depreciation / Amortization is charged on a pro-rata basis on assets purchased/ sold during the year, with reference to date of installation/ disposal.

Assets costing individually ₹ 5,000/- or less are fully depreciated in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

2.4 Intangible Assets

Intangibles are stated at the acquisition price including directly attributable costs for bringing the asset into use, less accumulated amortization and impairment. Direct expenditure, if any, incurred for internally developed intangibles from which future economic benefits are expected to flow over a period of time is treated as intangible asset as per the Indian Accounting Standard on Intangible Assets.

Amortisation:

Amortization of Intangible assets is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of Intangible assets in which case the life of the items of Intangible assets has been assessed as under based on technical estimate, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes etc.

Particulars	Useful Life
- Computer software	3 years
- GIS database	3 years

Amortization is charged on a pro-rata basis on assets purchased/ sold during the year, with reference to date of installation/ disposal.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

Assets costing individually ₹ 5,000/- or less are fully amortised in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

2.5. Intangible Assets Under Development

Internal development costs for core technology are recognized as an intangible asset if, and only if, all of the following have been demonstrated:

- The technical feasibility to complete the project.
- The intention to complete the intangible asset and use or sell it.
- The ability to use or sell the intangible asset.
- How the intangible asset will generate probable future economic benefits.
- The availability of adequate resources to complete the project.
- The cost of developing the asset can be measured reliably.

Internally generated databases are capitalized until a certain level of map quality is reached and ongoing activities focus on maintenance. Internal software costs relating to development of non-core software with an estimated average useful life of less than one year and engineering costs relating to the detailed manufacturing design of new products are expensed in the period in which they are incurred.

The amount initially recognized for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. All expenditures on research activities are expensed in the income statement as incurred.

2.6. Borrowing Costs

Borrowing costs, if any, directly attributable to the acquisition of the qualifying asset are capitalized for the period until the asset is ready for its intended use. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

Other borrowing costs are recognized as expense in the period in which they are incurred.

2.7. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Initial measurement

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on

initial recognition except for the trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to or deducted from the fair value on initial recognition.

b) Subsequent measurement (Non derivative financial instruments)

1. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method. Interest income from these financial assets is included in other income using the effective interest rate method.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Interest income from these financial assets is included in other income.

4. Investment in Subsidiaries and Associates:

Investment in subsidiaries and Associates are measured at cost less impairment.

5. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

6. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

c) Share Capital – Ordinary Shares

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all its liabilities. Equity instruments recognized by the company are recognized at the proceeds received net of direct issue cost.

d) De-recognition of financial instruments

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

e) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

f) Convertible Debentures

Convertible debentures are separated into liability and equity components based on the terms of the contract.

On issuance of the convertible debentures, the fair value of the liability portion of an optionally convertible debentures is determined using a market interest rate for an equivalent non-convertible bonds. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument since it meets Ind AS 32, Financial Instruments: Presentation, criteria for fixed to fixed classification. Transaction costs are

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

deducted from equity, net of associated income tax. The carrying amount of the conversion option is not subsequently re-measured.

Transaction costs are apportioned between the liability and equity components of the convertible debentures based on the allocation of proceeds to the liability and equity components when the instruments are initially recognized.

2.8. Fair Value measurement of Financial Instruments

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market which can be accessed by the Company for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.9. Impairment of assets

a) Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of Profit and Loss.

b) Non-Financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash in flows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.10. Leases

Company as a lessee

The Company's leases mainly comprise buildings and plant and equipment. The Company leases premises for office use and staff accommodation facilities.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

The Company also has leases for equipment. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. The higher of the fair value less cost to sell and the value-in-use is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at the present value of the lease payments that are not paid at the

commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

Company as a Lessor:

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

2.11. Foreign Currency Transactions

a. Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity and its foreign branches operates ('the functional currency'). The Ind AS Financial Statements are presented in Indian rupee (₹), which is the functional and presentation currency of the Company and its foreign branches.

b. Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.12. Employee Benefits

a. Short-term obligations –

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Other long term employee benefit obligations:

i. Defined contribution plans

Provident fund: Contributions to the provident fund is defined contribution plan and is recognized as an expense in the Statement of Profit and Loss in the period in which the contribution is due. Both the employee and the Company make monthly contributions to the provident fund scheme equal to the specified percentage of the covered employees' basic salary.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

ii. Defined benefit plans

Gratuity: The employees' gratuity scheme is a defined benefit plan. In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity for the eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the

tenure of employment with the Company. The present value of the obligation under such defined benefit plan is determined at each Balance Sheet date based on an actuarial valuation using projected unit credit method. The discount rate is based on the prevailing market yields of Indian government securities. Gains and Losses through re-measurement of the net defined benefit liability / (asset) are recognized in Other Comprehensive Income.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under define benefit plans can be encashed only on discontinuation of service by employee.

c. Share based payments

The fair value of the options granted under the scheme of the "Company Employee Option Plan", is recognized as employee benefits expense with the corresponding increase in equity. The total amount to be expensed is determined by the reference to the fair value of the options granted:

- including any market conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (profitability, sales growth targets and remaining an employee of the entity over the specified period), and
- including the impact of any non-vesting conditions (e.g., the requirement for the employee to save or holding shares for the specific period of time)

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

The total expense is recognized over the vesting period, which is the period over which all the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimate of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in profit and loss, with the corresponding adjustments to equity.

2.13. Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity, respectively.

a) Current Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the Balance Sheet date.

Current tax assets and liabilities are offset only if, the Company:

- Has a legally enforceable right to set off the recognized amounts; and
- Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b) Deferred Income Tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax

asset is realized, or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

2.14. Earnings per Share (EPS)

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

2.15. Cash and Cash Equivalents

Cash and Cash equivalents comprise cash and calls on deposit with banks and corporations. The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalent.

2.16. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.17 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.18 Provisions and Contingencies

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.19 Government Grant

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the years in which the Company recognises as expenses the related costs for which the grants are intended to compensate or when performance obligations are met.

2.20 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2A) Standards (including amendments) issued

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Standards that became effective during the year

a) Ind AS 37 – Onerous Contracts- Cost of Fulfilling a Contract

Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs (costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g. direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g. Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

The Company, prior to the application of the amendments, did not have any onerous contracts.

As a result of the amendments, certain other directly related costs have now been included by the Company in determining the costs of fulfilling the contracts. The Company has therefore recognized an additional onerous contract provision as at 01 April 2022.

In accordance with the transitional provisions, the Company applies the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application) and has not restated its comparative information.

b) Ind AS 103– References to the Conceptual Framework

The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendment also add a new exception in Ind AS 103 for liabilities and contingent liabilities.

c) Ind AS 16 – Property, Plant and Equipment: Proceeds Before Intended Use

The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost

of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

d) Ind AS 109 – Financial Instruments - Fees in the ‘10 per cent’ test for derecognition of financial liability

The amendment clarifies which fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company's financial instruments during the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

Footnotes:

- (i) As at 31 March 2022, the Company's Subsidiary, viz. A N Virtual World Tech Limited, Cyprus, had impaired intangible asset. As a result the Company had impaired ₹ 8,569.79 lakhs on its investment in the said subsidiary. However, management believes that the new Geospatial policy augers well for the business and its content strategy. Substantial traction is expected in this space for the Group.
- (ii) Management had carried out detailed assessment of Covid-19 impact on the Company's liquidity position, recoverability and carrying value of its assets and investments during the year ended 31 March 2021. Accordingly, the Company had made the provision for impairment of its investments amounting to ₹ 1,100 Lakhs considering the terms of investments, financial position and communications carried out with the investee company. The management is hopeful regarding the realisation of the investment, however, as a matter of commercial prudence and abundant caution, the management had made impairment provision.

30. Employee Stock Option

Employee Stock Option Scheme (ESOP)

Under the Employee Stock Option Plan, Compensation Committee of the Board of Directors has approved and granted share options to the eligible employees of the company subject to requirements of vesting conditions. All the options vest in equal tranches over a period of 3 years from the date of grant. Upon vesting, the employees can acquire one equity shares of ₹ 5 each for every option and secure allotment of company's shares at a price determined at the time of grant of options. The maximum contractual term for all the stock option plans are 5 years.

ESOP 2022 scheme

The stock compensation cost of 'GENESYS ESOP SCHEME-2022' ("the scheme") is computed under the intrinsic value method in compliance with IND AS and amortized on straight line basis over the total vesting period of 1 to 3.9 years years. Intrinsic value is the amount by which the quoted market price of the underlying share as on the date of grant exceeds the exercise price of the option. The intrinsic value on the date of grant approximates the fair value.

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year

Particulars	Year ended March 31, 2023		Year ended March 31, 2022	
	Number	WAEP (₹)	Number	WAEP (₹)
Options outstanding at beginning of year	-	-	-	-
Add:				
Options granted during the year	2,95,000	463.09	-	-
Less:				
Options exercised during the year	-	-	-	-
Options forfeited during the year	-	-	-	-
Options outstanding at the end of year	2,95,000	463.09	-	-
Weighted average remaining contractual life (years)	3.75		-	

ESOP 2020 scheme reissue

The stock compensation cost of 'GENESYS ESOP SCHEME-2020' ("the scheme") is computed under the intrinsic value method in compliance with IND AS and amortized on straight line basis over the total vesting period of 3 years. Intrinsic value is the amount by which the quoted market price of the underlying share as on the date of grant exceeds the exercise price of the option. The intrinsic value on the date of grant approximates the fair value.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year

Particulars	Year ended March 31, 2023		Year ended March 31, 2022	
	Number	WAEP (₹)	Number	WAEP (₹)

Weighted average remaining contractual life (years)	2.89		-	

ESOP 2020 scheme

The stock compensation cost of 'GENESYS ESOP SCHEME-2020' ("the scheme") is computed under the Fair Value method in compliance with IND AS 102. The Fair Value of the Options has been calculated using Black and Scholes Option Pricing model taking in to account the terms and conditions the scheme. As all Options are equity settled Fair value on the grant date of each vesting period is relevant and re measurement on each reporting date is not required. The amortisation of options are made on Graded Vesting basis over the total vesting period of 3 years.

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year

Particulars	Year ended March 31, 2023		Year ended March 31, 2022	
	Number	WAEP (₹)	Number	WAEP (₹)
Options outstanding at beginning of year	8,30,960	67.75	10,00,000	67.75
Add:				
Options granted during the year	-	-	-	-
Less:				
Options exercised during the year	(2,79,727)	67.75	(1,37,040)	67.75
Options forfeited during the year*	(18,000)	67.75	(32,000)	67.75
Options outstanding at the end of year	5,33,233	67.75	8,30,960	67.75
Weighted average remaining contractual life (years)	1.82		2.37	

ESOP 2010 scheme resissue

The stock compensation cost of 'GENESYS ESOP SCHEME-2010' ("the scheme") is computed under the Fair Value method in compliance with IND AS 102. The Fair Value of the Options has been calculated using Black and Scholes Option Pricing model taking in to account the terms and conditions the scheme. As all Options are equity settled Fair value on the grant date of each vesting period is relevant and re measurement on each reporting date is not required. The amortisation of options are made on Graded Vesting basis over the total vesting period of 3 years.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year

31. Corporate social responsibility

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. A CSR committee has been formed by the company as per the Act. The funds are utilized through the year on these activities which are specified in Schedule VII of the Companies Act, 2013.

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Gross Amount required to be spent as per Section 135 of the Act	15.58	12.41
Add / (Less): Unspent / (excess) from previous year	12.41	-
Total Gross amount required to be spent during the year	27.99	12.41
Amount approved by the Board to be spent during the year	27.99	12.41
Amount spent during the year on:		
(i) Construction/ acquisition of any asset	-	-
(ii) On purposes other than (i) above	32.42	-
Total of previous years shortfall / (excess)	(4.42)	12.41
Details of Related Party Transactions in relation to CSR expenditure as per relevant Accounting Standard:	-	-

Reasons for shortfall as on 31 March 2022:

The company required more time to identify the right projects or organisation to associate with and hence could not spend the allocated funds in the respective years.

Nature of CSR activities as on 31 March 2023:

The company has primary spent the CSR expenditure for the year 2022-23 Indradhanushya Campaign under CSR activities which includes food distribution, street plays, medicine distribution, books distribution, informative posters, workshops on financial literacy etc.

The company has primary spent the CSR expenditure for the year 2021-22 in Prime Minister Relief Fund under CSR activities. The expenditure incurred in the respective years has been approved by the board of directors.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

32. Contingent liabilities and commitments:

(i) Contingent Liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Contingent Liabilities		
Bank Guarantees*	803.59	170.65
Claims against the company not acknowledged as debts		
Direct tax matters under appeals	597.89	597.89
Indirect tax matters under appeals	-	3.16
Legal matters	-	53.10

*Bank Guarantees are secured by Fixed Deposits worth ₹ 693.33 Lakhs (Previous year: ₹ 112.99 Lakhs).

Claims against the Company amounting to ₹ 597.89 lakhs and ₹ 601.05 lakhs are not acknowledged as debts in respect of income tax and Vat matters as at March 31, 2023 and March 31, 2022, respectively. The claims against the Company represent demands arising on completion of assessment proceedings by the tax departments. These matters are pending before appellate authorities and the management including its tax advisors expect that Company's position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Company's financial position and results of operations.

(ii) Capital Commitment:

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of Advances and taxes) ₹ 1395.47 Lakhs (Previous Year: ₹ 233.68 Lakhs)

33. Employee Benefits:

Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free except for borrowings and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 March 2022, the Company has made an impairment of ₹ 8,569.79 lakhs on its investment in its subsidiary. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

36. Earnings per share

Basic earnings / (loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings / (loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible debentures) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(Figures/ ₹ In Lakhs)

Particulars	31 March 2023	31 March 2022
Profit / (Loss) attributable to equity holders	3,845.94	(8,437.95)
Add: Interest on convertible debentures	5.03	9.10
Profit / (Loss) attributable to equity holders adjusted for the effect of dilution	3,850.97	(8,428.85)
Weighted average number of equity shares for basic EPS	3,51,47,151	3,12,47,559
Effect of dilution:		
Share options	8,85,564	5,71,074
Share warrant	1,40,124	3,85,702
Compulsory Convertible Debentures	-	15,00,000

37. Fair value measurements

A. Financial instruments by category:

(₹ in Lakhs)

Particulars	As at 31 March 2023		As at 31 March 2022	
	FVTPL	Amortised cost	FVTPL	Amortised cost
Financial assets				
Investments	5,114.12	13,334.79	599.97	5,935.39
Trade receivables	-	8,432.20	-	4,914.60
Security deposits	-	186.01	-	75.52
Unbilled revenue	-	7,431.49	-	4,017.48
Earmarked balances with banks	-	360.32	-	228.99
Export incentive receivable	-	-	-	311.89
Interest accrued and due	-	33.29	-	9.11
Interest accrued and not due	-	-	-	-
Facility deposits	-	-	-	-
Others	-	37.29	-	18.75
Cash and cash equivalents	-	1,053.14	-	2,132.82
Other bank balances	-	543.00	-	58.63
Loans	-	112.71	-	40.40
Total financial assets	5,114.12	31,524.24	599.97	17,743.59
Financial liabilities				
Borrowings	-	3,238.47	181.35	960.99
Lease liabilities	-	693.29	-	630.37
Trade payables	-	2,153.13	-	2,032.84
Capital creditors	-	1,629.92	-	1,629.23
Unclaimed dividend	-	0.55	-	0.85
Other payables	-	600.48	-	524.87
Total financial liabilities	-	8,315.84	181.35	5,779.15

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments, trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

B. Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets

(₹ in Lakhs)

Particulars	31 March 2023	31 March 2022
Financial Assets measured at fair value		
Level 1 (Quoted price in active markets)	5,114.12	599.97
Investments in mutual funds FVTPL		

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short-term borrowings are considered to be the same as their fair values.

C. Financial risk management objectives and policies

Financial risk Factor:

The Company's activities exposes it to a variety of financial risks : Market Risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

1. Market Risk:

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

i. Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have a potential impact on the standalone statement of profit and loss and equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

A majority of the Company's foreign currency transactions are denominated in US Dollars. Other foreign currency transactions entered into by the Company are in Sterling Pound (GBP), Euro, Saudi Riyal, Kuwaiti Dinar, UAE Dirham's and MUR. Thus, the foreign currency sensitivity analysis has only been performed in respective currencies.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, Company does not hedge its risks by using any derivative financial instruments.

Details of Foreign currency exposure are as follows:

As at 31 March 2023

(Figures In Lakhs)

Particulars	USD	EURO	GBP	AED	SAR	Value in ₹
Trade Receivable	\$ 25.39	€ -	£ -	AED -	SAR -	₹ 2,063.31

Foreign Currency Risk Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate (or any other material currency), with all other variables held constant, of the Company's profit before tax (due to changes in the fair value of monetary assets and liabilities). The Company's exposure to foreign currency changes for all other currencies is not material.

(In Lakhs)

Particulars	31 March 2023		31 March 2022	
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	29.98	(29.98)	45.83	(45.83)
EURO	15.51	(15.51)	1.33	(1.33)

AED	-	-	2.19	(2.19)
SAR	0.39	(0.39)	1.25	(1.25)
Increase / (Decrease) in Profit or Loss	45.89	(45.89)	50.61	(50.61)

2. Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does a proper financial and credibility check on the landlords before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Company also in some cases ensure that the notice period rentals are adjusted against the security deposits and only differential, if any, is paid out thereby further mitigating the non-realization risk. The Company does not foresee any credit risks on deposits with regulatory authorities.

Credit Risk Exposures:

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Opening balance	334.24	844.94

Additional provision	324.34	149.67
Write off as bad debts	(9.90)	(673.27)
Closing Balance	683.51	334.24

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

3. Liquidity risk:

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of the Company's financial liabilities:

(₹ in Lakhs)

Particulars	Not Due	Less than 1 year	1 to 5 years	More than 5 years	Total
31 March 2023

**CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED
31 MARCH, 2023**

INDEPENDENT AUDITOR'S REPORT

To the Members of Genesys International Corporation Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Genesys International Corporation Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India,

of their consolidated state of affairs of the Group entities as at March 31, 2023, of consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and on consideration of audit reports of other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matter	How the Key Audit Matter was addressed in our audit
1	<p>Revenue Recognition</p> <p>Refer Note 23 of Consolidated financial statements.</p> <p>The Group engages in fixed price development contracts, some of which include multiple performance obligations. Revenue recognition in such contracts involves judgments relating to identification of distinct performance obligations, determination of transaction price for such performance obligations and the appropriateness of the basis of allocation of the transaction price to the respective performance obligations and also the basis of revenue recognition over a period.</p> <p>In case of fixed price development contracts where performance obligations are satisfied over a period of time, revenue is recognized using the percentage of completion ("POC") method based on Management's estimate of contract efforts. The POC method involves computation of actual cost incurred till date and estimation of total future cost to be incurred towards remaining performance obligations, which involves following factors:</p>	<p>Our audit procedures in respect of this area, among others, included the following:</p> <ol style="list-style-type: none"> 1. Evaluated the Groups's accounting policies pertaining to revenue recognition and assessed compliance of the same in accordance with the requirements of Ind AS 115 – Revenue from contracts with customers. 2. Obtained an understanding of the systems, processes and controls implemented by the Group for evaluation of projects with fixed price development contracts to identify distinct performance obligations and basis of recognition of revenue. 3. Evaluated the design and tested the operating effectiveness of internal controls relating to recording of the contract value, determining the transaction price, allocation of consideration to performance obligations, measurement of efforts incurred and process around estimation of efforts required to complete the remaining performance obligations and the most appropriate method to recognize revenue.

	<p>i. existence of inherent uncertainty around the estimation of total cost to complete the contract given the customized nature of the contracts.</p> <p>ii. the estimation of total cost to complete the contract involves significant judgement throughout the period of contract and is subject to revision as the contract progresses based on latest available information and also involves critical estimates to make provision for onerous contract, if any;</p> <p>iii. At year end a significant amount of contract assets (unbilled revenue) and contract liabilities (unearned revenue) related to each contract is to be identified and disclosed as per the relevant requirements of the standards.</p>	<p>4. Verified the samples on a test check basis and ensured revenue recognized is in accordance with Ind AS 115 by performing the following:-</p> <ul style="list-style-type: none"> - By reviewing the contractual terms to identify the performance obligation and assessing the basis of revenue recognition; - Considering the terms of the contracts to determine the transaction price, including adjustments for any sums payable to the customer; - Determined if the Group's evaluation of the method used for recognition of revenue is appropriate and consistent; - Verified the accuracy of the Group's calculation of efforts incurred and estimation of contract efforts including estimation of onerous obligation through a retrospective review of efforts incurred with estimated efforts; <p>5. Assessed the valuation and accuracy of contract assets and contract liabilities on balance sheet date recognized by evaluating underlying documentation.</p> <p>6. Assessed the adequacy and appropriateness of the disclosures made in the financial statements is in accordance with Ind AS 115 and applicable financial reporting framework.</p>
2	<p>Capitalization and impairment of Internally generated Intangible asset under development:</p> <p>(Refer Notes 6 to the Consolidated financial Statements)</p> <p>The Group has capitalized ₹ 4,426.89 lakhs of intangibles in the nature of GIS database during the year and has an amount of ₹ 5,724.41 lakhs under development as at March 31, 2023 for the same.</p> <p>Intangible asset under development are deemed significant to our audit considering the significance of the amount involved. The significant level of Intangible assets under development requires consideration of the determination of the timing of when the asset meets specific capitalization criteria as per Ind 38 "Intangible Assets". This involves Management judgment, such as technical feasibility, intention and ability to complete the intangible asset, ability to use or sell the asset, generation of future economic benefits and the ability to measure the costs reliably. In addition, determining whether there are any indication of impairment of the carrying value of assets, that requires Management judgment and assumptions, which are affected by future market, technological and economic developments. Accordingly, we have determined this to be a Key Audit Matter.</p>	<p>Our audit approach includes but are not limited to the following :</p> <ul style="list-style-type: none"> a) Assessed the appropriateness of the Group's accounting policies for compliance with IND AS 36 "Impairment of asset" and IND AS 38 "Intangible Asset" and on a sample basis tested available documentation to consider whether the criteria for capitalization and impairment of asset were met. b) Performed walkthroughs of Internally generated intangible assets under development process and assessed the design effectiveness and operating effectiveness for key controls. c) Performed tests of details on a test check basis of capitalization of project related costs during the year and obtained underlying evidence to verify whether the costs qualify for capitalization as per specific capitalisation criteria as per Ind 38 "Intangible Assets". d) Evaluated the methodology, source data and reasonableness of the key assumptions i.e the long term growth rate used in forecasts, including consideration of the current and estimated industry and economic conditions for appropriate forecast of future revenue projections used by the Group to test the carrying value of Intangible asset under development for impairment. e) Assessed the adequacy and appropriateness of the disclosures made by the Group in accordance with Ind AS 36 and 38 in the accompanying financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Company's annual report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of

Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

Other Matters

We did not audit the financial statement of two subsidiaries, whose financial statements reflect total assets of ₹ 10,810.23 lakhs as at March 31, 2023, total revenues of ₹ 2832.99 lakhs and net cash inflows amounting to ₹ 195.19 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, none of the directors of the Group companies, are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group, and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note 32 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.
 - iv. a) The respective Managements of the Holding Company and its subsidiary which is company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditor of such subsidiary respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary, to or in any other person(s) or entity(ies), including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that such parties shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
b) The respective Managements of the Holding Company and its subsidiary, which is company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditor of such subsidiary respectively that, to the best of their knowledge and belief, no funds have been received by the Holding Company or any of such subsidiary, from any person(s) or entity(ies), including foreign entities with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding Company or any of such subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary which is

company incorporated in India whose financial statements have been audited under the Act, and according to the information and explanations provided to us by the Management of the Holding company in this regard nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.

- v. The Company has neither declared nor paid any dividend during the year.
 - vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Holding Company, and its subsidiary companies only w.e.f. April 1, 2023, reporting under this clause is not applicable.
2. In our opinion, according to information, explanations given to us, the remuneration paid by the Group, to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.
 3. According to the information and explanations given to us and based on the CARO reports issued by us for the Holding Company and on consideration of CARO reports issued by the statutory auditor of subsidiary included in the consolidated financial statements of the Group to which reporting under CARO is applicable, we report that there are no Qualifications/ adverse remarks.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT ON EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF GENESYS INTERNATIONAL CORPORATION LIMITED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business

activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF GENESYS INTERNATIONAL CORPORATION LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Genesys International Corporation Limited on the consolidated Financial Statements for the year ended March 31, 2023

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls reference to consolidated financial statements of Genesys International Corporation Limited (hereinafter referred to as "the Holding Company") and its subsidiary company (the Holding Company and its subsidiary together referred to as "the Group"), which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal financial controls with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company, which is companies incorporated in India.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records

that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the

degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to one subsidiary company, which is company incorporated in India, is based on the corresponding reports of the auditor of such company incorporated in India.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

1. Corporate Information

Genesys International Corporation Limited (herein after referred as 'Company' or 'GICL') and its subsidiary companies collectively together are referred to as the Group here under. The Group is engaged in providing Geographical Information Services comprising of photogrammetry, remote sensing, cartography, data conversion, state of the art terrestrial and 3D geo-content including location navigation mapping and other computer based related services.

The company is a public limited company incorporated and domiciled in India and has its registered office in Mumbai, Maharashtra.

The company has its Equity Shares listed on Bombay Stock Exchange and National Stock Exchange.

Authorisation of Financial Statements: The Consolidated Financial Statements were authorized for issuance in accordance with a resolution of the Board of Directors in its meeting held on 30 May 2023.

2. Significant Accounting Policies

2.1 Basis of preparation of consolidated financial statements

a) Statement of Compliance with Ind AS

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as Ind-AS) notified under section 133 of Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act and rules there under.

The Group's Financial statements are presented in Indian Rupees (₹), which is also its functional currency.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Basis of Measurement

The Consolidated financial statements have been prepared on a historical cost convention on accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:-

- i) Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments)
- ii) Share based payment transactions
- iii) Net Defined Benefit obligations

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the group and its subsidiaries as at 31 March 2023.

Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity where the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent group, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intergroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were

made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment at each balance sheet date and impairment loss, if any, is provided for. On the other hand, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements. The 'Goodwill' / 'Capital Reserve' is determined separately for each subsidiary company and such amounts are not set off between different entities.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated balance sheet, consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

The list of companies which are included in consolidation and the company's holdings therein are as under:

Name of the entity	Relationship	Country of Incorporation	Ownership held by	% of Holding and voting power either directly or indirectly through subsidiary as at	
				As at 31.03.2023	As at 31.03.2022
A.N. Virtual World Tech Limited	Subsidiary	Cyprus	Direct	97.73%	59.37%
Virtual World Spatial Technologies Private Limited	Step Down Subsidiary / Subsidiary	India	Direct / Indirect	100% subsidiary	100% subsidiary of A.N. Virtual World Tech Limited

2.2 Use of Estimates and Judgments:

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Critical estimates and judgments

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognized prospectively. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- a) Revenue recognition
- b) Estimation of Defined benefit obligation
- c) Estimation of current tax expenses and Payable
- d) Useful lives of property, plant and equipment
- e) Employee stock option compensation expenses and payable
- f) Impairment of Financial and Non-Financial Assets
- g) Fair Value measurement of Financial Assets

2.3 Revenue recognition

Group earns revenue primarily from Geographical Information Services comprising of photogrammetry, remote sensing, cartography, data conversion, state of the art terrestrial and 3D geo-content including location and other computer based related services.

Revenue is recognised upon transfer of control of promised services or products to customers in an amount that reflects the consideration which Group expects to receive in exchange for those services or products.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where Group is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs

used in computing the revenues include cost of fulfilling warranty obligations.

- Revenue from the sale of distinct third-party hardware and / or software is recognised at the point in time when control is transferred to the customer.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The billing schedules agreed with customers include periodic performance-based payments and / or milestone-based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, Group recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. Group reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Group disaggregates revenue from contracts with customers by geography.

The Group uses the following critical accounting estimates in Revenue recognition:

The Group's contract with Customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgments are also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts,

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group exercises judgments in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risk and rewards to the customer, acceptance of delivery by the customer, etc.

Revenue for fixed price contract is recognised using percentage-of completion method. The Group uses judgment to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

Interest Income:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

Dividend Income:

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Other Income:

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

2.4 Property, Plant and equipments

Property, plant and equipment's (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost of acquisition includes directly attributable costs for bringing the assets to its present location and use.

The cost of an item of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Gains or losses arising from de-recognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the assets derecognized.

Depreciation:

Depreciation on PPE is provided as per straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of PPE in whose case the life of the items of PPE has been assessed as under based on technical estimate, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, manufacturer's warranties and maintenance support etc.

Particulars	Useful Life
- Computer hardware (including servers & networks)	3 years
- Imaging Systems	3 years
- Other Assets	As per Useful Life specified in Schedule II

Depreciation / Amortization is charged on a pro-rata basis on assets purchased/ sold during the year, with reference to date of installation/ disposal.

Assets costing individually ₹ 5,000/- or less are fully depreciated in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

2.5 Intangible Assets

Intangibles are stated at the acquisition price including directly attributable costs for bringing the asset into use, less accumulated amortization and impairment. Direct expenditure, if any, incurred for internally developed intangibles from which future economic benefits are expected to flow over a period of time is treated as intangible asset as per the Indian Accounting Standard on Intangible Assets.

Amortisation:

Amortization of Intangible assets is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of Intangible assets in which case the life of the items of Intangible assets has been assessed as under based on technical estimate, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes etc.

Particulars	Useful Life
- Computer software	3 years
- GIS database	3 years
-Geo database	20 years

Amortization is charged on a pro-rata basis on assets purchased/ sold during the year, with reference to date of installation/ disposal.

Assets costing individually ₹ 5,000/- or less are fully amortised in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

2.6 Intangible Assets Under Development

Internal development costs for core technology are recognized as an intangible asset if, and only if, all of the following have been demonstrated:

- The technical feasibility to complete the project.
- The intention to complete the intangible asset and use or sell it.
- The ability to use or sell the intangible asset.
- How the intangible asset will generate probable future economic benefits.
- The availability of adequate resources to complete the project.
- The cost of developing the asset can be measured reliably.

Internally generated databases are capitalized until a certain level of map quality is reached and ongoing activities focus on maintenance. Internal software costs relating to development of non-core software with an

estimated average useful life of less than one year and engineering costs relating to the detailed manufacturing design of new products are expensed in the period in which they are incurred.

The amount initially recognized for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. All expenditures on research activities are expensed in the income statement as incurred.

2.7 Borrowing Costs

Borrowing costs, if any, directly attributable to the acquisition of the qualifying asset are capitalized for the period until the asset is ready for its intended use. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

Other borrowing costs are recognized as expense in the period in which they are incurred.

2.8 Financial Instruments

a) Initial measurement

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition except for the trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to or deducted from the fair value on initial recognition.

b) Subsequent measurement (Non derivative financial instruments)

1. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method. Interest income from these financial assets is included in other income using the effective interest rate method.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Interest income from these financial assets is included in other income.

4. Financial Liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

5. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

c) Share Capital – Ordinary Shares

An equity instrument is a contract that evidences residual interest in the assets of the Group after deducting all its liabilities. Equity instruments recognized by the Group are recognized at the proceeds received net of direct issue cost.

d) De-recognition of financial instruments

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

e) Offsetting financial instruments

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

f) Convertible Debentures

Convertible debentures are separated into liability and equity components based on the terms of the contract.

On issuance of the convertible debentures, the fair value of the liability portion of an optionally convertible debentures is determined using a market interest rate for an equivalent non-convertible bonds. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument since it meets Ind AS 32, Financial Instruments: Presentation, criteria for fixed-to-fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not subsequently re-measured.

Transaction costs are apportioned between the liability and equity components of the convertible debentures based on the allocation of proceeds to the liability and equity components when the instruments are initially recognized.

2.9 Fair Value measurement of Financial Instruments

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market which can be accessed by the Group for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the Consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.10 Impairment of assets

a) Financial Assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit and loss.

b) Non-Financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.11 Leases

Group as a lessee

The Group's leases mainly comprise buildings and plant and equipment. The Group leases premises for office use and staff accommodation facilities. The Group also has leases for equipment. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. The higher of the fair value less cost to sell and the value-in-use is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

Group as a Lessor:

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. The Group recognizes lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Group applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

2.12 Foreign Currency Transactions

All transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date when the relevant transactions take place.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year. Monetary assets and liabilities in the form of Loans, Current Assets and Current Liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end closing exchange rate and the resultant exchange differences are recognized in the Statement of Profit and Loss.

The premium or discount arising at the inception of the forward exchange contracts related to underlying receivables and payables, if any, are amortized as an expense or income recognized over the period of the contracts. Gains or losses on renewal or cancellation of foreign exchange forward contracts are recognized as income or expense for the period.

Investments in overseas entity are recognized at the relevant exchange rates prevailing on the date of investments.

All transactions of the foreign branch during the year are included in the accounts at the rate of exchange prevailing at the end of the month in which the transactions took place. Net Gain / Loss in foreign currency transactions are recognized in the Statement of Profit and Loss. Monetary assets and liabilities are translated at the rates prevailing on the balance sheet date.

2.13 Employee Benefits

a. Short-term obligations –

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Other long term employee benefit obligations:

i. Defined contribution plans

Provident fund: Contributions to the provident fund is defined contribution plan and is recognized as an expense in the Statement of Profit and Loss in the period in which the contribution is due. Both the employee and the Company make monthly contributions to the provident fund scheme equal to the specified percentage of the covered employees' basic salary.

Employee's State Insurance Scheme: Contribution towards employees' state

insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

ii. Defined benefit plans

Gratuity: The employees' gratuity scheme is a defined benefit plan. In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity for the eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The present value of the obligation under such defined benefit plan is determined at each Balance Sheet date based on an actuarial valuation using projected unit credit method. The discount rate is based on the prevailing market yields of Indian government securities. Gains and Losses through re-measurement of the net defined benefit liability / (asset) are recognized in Other Comprehensive Income.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under define benefit plans can be encashed only on discontinuation of service by employee.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

c. Share based payments

The fair value of the options granted under the scheme of the "Company Employee Option Plan", is recognized as employee benefits expense with the corresponding increase in equity. The total amount to be expensed is determined by the reference to the fair value of the options granted:

- including any market conditions (e.g., the entity's share price)
- excluding the impact of any service and non- market performance vesting conditions (profitability, sales growth targets and remaining an employee of the entity over the specified period), and
- including the impact of any non-vesting conditions (e.g., the requirement for the employee to save or holding shares for the specific period of time)

The total expense is recognized over the vesting period, which is the period over which all the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimate of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in profit and loss, with the corresponding adjustments to equity.

2.14 Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

a) Current Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Current tax assets and liabilities are offset only if, the Group:

- Has a legally enforceable right to set off the recognized amounts; and
- Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b) Deferred Income Tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realized, or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

2.15 Earnings per Share (EPS)

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

2.16 Cash and Cash Equivalents

Cash and Cash equivalents comprises cash and calls on deposit with banks and corporations. The Group considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalent.

2.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

2.18 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.19 Provisions and Contingencies

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.20 Government Grant

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the years in which the Company recognises as expenses the related costs for which the grants are intended to compensate or when performance obligations are met.

2.21 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated

2A) Standards (including amendments) issued

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards)

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Standards that became effective during the year

a) **Ind AS 37 – Onerous Contracts- Cost of Fulfilling a Contract**

Ind AS 37 defines an onerous contract as a contract in which the unavoidable costs (costs that the Company has committed to pursuant to the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments to Ind AS 37 clarify, that the costs relating directly to the contract consist of both:

- The incremental costs of fulfilling that contract- e.g. direct labour and material; and
- An allocation of other costs that relate directly to fulfilling contracts: e.g. Allocation of depreciation charge on property, plant and equipment used in fulfilling the contract.

The Company, prior to the application of the amendments, did not have any onerous contracts.

As a result of the amendments, certain other directly related costs have now been included by the Company in determining the costs of fulfilling the contracts. The Company has therefore recognized an additional onerous contract provision as at 01 April 2022.

In accordance with the transitional provisions, the Company applies the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application) and has not restated its comparative information.

b) **Ind AS 103– References to the Conceptual Framework**

The amendments update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendment also add a new exception in Ind AS 103 for liabilities and contingent liabilities.

c) **Ind AS 16 – Property, Plant and Equipment: Proceeds Before Intended Use**

The amendment to Ind AS 16 clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

These amendments had no impact on the year-end financial statements of the Company as there were no sales of such items.

d) **Ind AS 109 – Financial Instruments - Fees in the ‘10 per cent’ test for derecognition of financial liability**

The amendment clarifies which fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other’s behalf.

These amendments had no impact on the financial statements of the Company as there were no modifications of the Company’s financial instruments during the year.

3.1. Goodwill

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Aggregate amount of quoted investments	5,114.12	599.97
Aggregate value of unquoted investments (net of impairment)	-	-
Aggregate market value of quoted investments	5,114.12	599.97
Aggregate value of impairment of investments	(1,100.00)	(1,100.00)

Footnotes:

- (i) As at 31 March 2022, the Company's Subsidiary, viz. A N Virtual World Tech Limited, Cyprus, had impaired intangible asset. As a result the Company had impaired ₹ 8,569.79 lakhs on its investment in the said subsidiary.
- However, management believes that the new Geospatial policy augers well for the business and its content strategy. Substantial traction is expected in this space for the Group.
- (ii) Management had carried out detailed assessment of Covid-19 impact on the Company's liquidity position, recoverability and carrying value of its assets and investments during the year ended 31 March 2021. Accordingly, the Company had made the provision for impairment of its investments amounting to ₹ 1,100 Lakhs considering the terms of investments, financial position and communications carried out with the investee company. The management is hopeful regarding the realisation of the investment, however, as a matter of commercial prudence and abundant caution, the management had made impairment provision.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Description of nature and purpose of reserve

- a) Capital Reserve : The Capital reserve represents reserves created out of capital profits including profit on cancellation / forfeiture of the Company's equity instruments.
- b) Security Premium Reserve : The Securities Premium was created on issue of shares at a premium. The reserve is utilised in accordance with the provisions of the Act.
- c) General Reserve : The general reserve comprises of transfer of profits from retained earnings for appropriation purpose. The reserve can be distributed/utilised by the Group in accordance with the provisions of the Act.
- d) Special Economic Zone Re-Investment Reserve : The Special Economic Zone (SEZ) re-investment reserve is created out of the profit of eligible SEZ units in terms of the provisions of section 10AA(1) (ii) of the Income-tax Act, 1961. The reserve will be utilised by the Company for acquiring new assets for the purpose of its business as per the terms of section 10AA(2) of Income Tax Act, 1961.
- e) Employee Stock Options Outstanding : This reserve represents the excess of the fair value of the options on the grant date over the strike price which is accumulated by the Company in respect of all options that have been granted. The Company transfers the proportionate amounts, outstanding in this account, in relation to options exercised to securities premium on the date of exercise of such options.
- f) Retained Earnings : This represent the amount of accumulated earnings of the Group.

30. Employee Stock Option

Employee Stock Option Scheme (ESOP)

Under the Employee Stock Option Plan, Compensation Committee of the Board of Directors has approved and granted share options to the eligible employees of the company subject to requirements of vesting conditions. All the options vest in equal tranches over a period of 3 years from the date of grant. Upon vesting, the employees can acquire one equity shares of ₹ 5 each for every option and secure allotment of company's shares at a price determined at the time of grant of options. The maximum contractual term for all the stock option plans are 5 years.

ESOP 2022 scheme

The stock compensation cost of 'GENESYS ESOP SCHEME-2022' ("the scheme") is computed under the intrinsic value method in compliance with IND AS and amortized on straight line basis over the total vesting period of 1 to 3.9 years years. Intrinsic value is the amount by which the quoted market price of the underlying share as on the date of grant exceeds the exercise price of the option. The intrinsic value on the date of grant approximates the fair value.

The following table illustrates the number and weighted average exercise prices (WAEP) of, and movements in, share options during the year

Particulars	Year ended March 31, 2023		Year ended March 31, 2022	
	Number	WAEP (₹)	Number	WAEP (₹)
Options outstanding at beginning of year	-	-	-	-
Add:

31. Corporate social responsibility

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. A CSR committee has been formed by the company as per the Act. The funds are utilized through the year on these activities which are specified in Schedule VII of the Companies Act, 2013.

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Gross Amount required to be spent as per Section 135 of the Act	15.58	12.41
Add / (Less): Unspent / (excess) from previous year	12.41	-
Total Gross amount required to be spent during the year	27.99	12.41
Amount approved by the Board to be spent during the year	27.99	12.41
Amount spent during the year on:		
i) Construction/ acquisition of any asset	-	-
ii) On purposes other than (i) above	32.42	-
Total of previous years shortfall / (excess)	(4.42)	12.41
Details of Related Party Transactions in relation to CSR expenditure as per relevant Accounting Standard:	-	-

Reasons for shortfall :

The company required more time to identify the right projects or organisation to associate with and hence could not spend the allocated funds in the respective years.

Nature of CSR activities as on 31 March 2023:

The company has primary spent the CSR expenditure for the year 2022-23 Indradhanushya Campaign under CSR activities which includes food distribution, street plays, medicine distribution, books distribution, informative posters, workshops on financial literacy etc.

The company has primary spent the CSR expenditure for the year 2021-22 in Prime Minister Relief Fund under CSR activities. The expenditure incurred in the respective years has been approved by the board of directors.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

32. Contingent liabilities and commitments:

(i) Contingent Liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Contingent Liabilities		
Bank Guarantees*	803.59	170.65
Claims against the company not acknowledged as debts		
Direct tax matters under appeals	597.89	597.89
Indirect tax matters under appeals	-	3.16
Legal matters	-	53.10

*Bank Guarantees are secured by Fixed Deposits worth ₹ 693.33 Lakhs (Previous year: ₹ 112.99 Lakhs).

Claims against the Company amounting to ₹ 597.89 lakhs and ₹ 601.05 lakhs are not acknowledged as debts in respect of income tax and sales tax matters as at 31 March 2023 and 31 March 2022, respectively. The claims against the Company represent demands arising on completion of assessment proceedings by the tax departments. These matters are pending before appellate authorities and the management including its tax advisors expect that Company's position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Company's financial position and results of operations.

GENESYS INTERNATIONAL CORPORATION LIMITED

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free except for borrowings and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 March 2022, the Company has made an impairment of ₹ 8,569.79 lakhs on its investment in its subsidiary. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

36. Earnings per share

Basic earnings / (loss) per share amounts are calculated by dividing the profit / loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings / (loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible debentures) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(Figures/ ₹ In Lakhs)

Particulars	31 March 2023	31 March 2022
Profit / (Loss) attributable to equity holders	1,907.78	1,341.15
Add: Interest on convertible debentures	-	9.10
Profit / (Loss) attributable to equity holders adjusted for the effect of dilution	1,907.78	1,350.25
Weighted average number of equity shares for basic EPS	3,51,47,151	3,12,47,559
Effect of dilution:		
Share options	8,85,564	5,71,074
Share warrant	1,40,124	3,85,702
Compulsory Convertible Debentures	-	15,00,000
Weighted average number of equity shares adjusted for the effect of dilution	3,61,72,839	3,37,04,335
Basic EPS (₹)	5.44	4.28
Diluted EPS (₹)	5.29	4.13
Nominal Value of shares (₹)	5/-	5/-

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

37. Fair value measurements

A. Financial instruments by category:

(₹ in Lakhs)

Particulars	As at 31 March 2023		As at 31 March 2022	
	FVTPL	Amortised cost	FVTPL	Amortised cost
Financial assets				
Investments	5,114.12	-	599.97	-
Trade receivables	-	8,321.94	-	4,914.60
Security deposits	-	186.26	-	75.73
Unbilled revenue	-	7,457.24	-	4,017.48
Earmarked balances with banks	-	217.32	-	198.11
Export incentive receivable	-	-	-	311.89
Interest accrued and due	-	29.03	-	7.17
Others	-	37.29	-	18.75
Cash and cash equivalents	-	1,256.35	-	2,138.09
Other bank balances	-	543.00	-	58.64
Loans	-	37.71	-	40.40
Total financial assets	5,114.12	18,086.14	599.97	11,780.86
Financial liabilities				
Borrowings	-	3,238.47	181.35	1,838.31
Lease liabilities	-	693.30	-	630.37
Trade payables	-	2,222.74	-	2,398.40
Capital creditors	-	1,629.92	-	1,629.23
Unclaimed dividend	-	0.55	-	0.85
Other payables	-	600.85	-	524.96
Total financial liabilities	-	8,385.83	181.35	7,022.12

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments, trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

B. Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

GENESYS INTERNATIONAL CORPORATION LIMITED

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Fair value measurement hierarchy of assets

(₹ in Lakhs)

Particulars	31 March 2023	31 March 2022
Financial Assets measured at fair value		
Level 1 (Quoted price in active markets)	5,114.12	599.97
Investments in mutual funds FVTPL		

The carrying amount of cash and cash equivalents, trade receivables, fixed deposits, trade payables, other payables and short-term borrowings are considered to be the same as their fair values.

C. Financial risk management objectives and policies

Financial risk Factor:

The Company's activities exposes it to a variety of financial risks : Market Risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers

1. Market Risk:

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

i. Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have a potential impact on the standalone statement of profit and loss and equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

A majority of the Company's foreign currency transactions are denominated in US Dollars. Other foreign currency transactions entered into by the Company are in Sterling Pound (GBP), Euro, Saudi Riyal, Kuwaiti Dinar, UAE Dirham's and MUR. Thus, the foreign currency sensitivity analysis has only been performed in respective currencies.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, Company does not hedge its risks by using any derivative financial instruments.

Details of Foreign currency exposure are as follows:

As at 31 March 2023

(Figures In Lakhs)

Particulars	USD	EURO	GBP	AED	SAR	Value in ₹
Trade Receivable	\$ 23.81	€ -	£ -	AED -	SAR -	₹ 2,063.31

Foreign Currency Risk Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate (or any other material currency), with all other variables held constant, of the Company's profit before tax (due to changes in the fair value of monetary assets and liabilities). The Company's exposure to foreign currency changes for all other currencies is not material.

(In Lakhs)

MUR	-	-	-	-
Increase / (Decrease) in Profit or Loss	54.51	(54.51)	60.47	(60.47)

2. Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does a proper financial and credibility check on the landlords before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Company also in some cases ensure that the notice period rentals are adjusted against the security deposits and only differential, if any, is paid out thereby further mitigating the non-realization risk. The Company does not foresee any credit risks on deposits with regulatory authorities.

Credit Risk Exposures:

(₹ in Lakhs)

Particulars	As at	
	31 March 2023	31 March 2022
Opening balance	334.24	844.94

Closing Balance	683.51	334.24

GENESYS INTERNATIONAL CORPORATION LIMITED

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

3. Liquidity risk:

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of the Company's financial liabilities:

(₹ in Lakhs)
